5. **Reporting Requirement.** The Attorney General's Office is directed to develop and maintain separate accounting information and records on receipts and distribution of funds from the Child Support Trust Fund No. 994 and the Child Support Retained Collections Account. Such information must at a minimum identify all deposits, allocations and expenditures by type of revenues. The Comptroller of Public Accounts shall prescribe rules and procedures to assure compliance with this section and all transactions and balances shall be reconciled monthly against the records of the Comptroller. In addition to the requirements for annual financial reports required by the General Provisions of this Act, the Attorney General shall include a separate section detailing all such balances, receipts and distributions of money in Fund No. 994 and the Child Support Retained Collections Account. for OAG Debt Collections in the method of financing for agency operations. Once debt collections retained by the Office reach the amounts appropriated for agency operations for the biennium, one hundred percent (100%) of collection revenues up to an amount of \$18.0 million total for the biennium, shall be set aside to be eligible for use as payment of Workers' Compensation claims in the 2000-01 biennium. Regardless of the total amount collected by the Attorney General, in no event shall this provision be construed as an appropriation in addition to the amount appropriated above as specified in the method of financing, of any of the funds collected by the Office of the Attorney General.

- b. To be eligible for retention by the Office of the Attorney General the debt collected must be from a qualifying judgment. Qualifying judgments, as used in this rider, are judgments that are at least one-year old from the date of entry of the court order and also include debts not reduced to judgment where there are collections on the debt by the Collections Division of the Attorney General's Office if the debt is delinquent by more than one year or has been certified for collection to the Collections Division of the Attorney General's Office.  - c. It is the intent of the Legislature that the following not be allowed as a credit toward the percentage set forth in Rider 6.a. above: judgments collected by state agencies; judgments less than one year old; or judgments collected without direct action by the Attorney General's Collection Division. The State Auditor shall verify that the above funds resulting from funds collected by the Collections Division of the Attorney General's Office do not include child support collections, or judgments collected from any other source or process other than through the Collections Division and the other requirements as set out in this rider.

All expenditures for this purpose must be approved in advance by the State Auditor's Office.

An additional amount not to exceed \$85,000, out of funds appropriated above, may be used to reimburse the State Auditor's Office for actual costs related to development and oversight responsibilities of the Commission's management evaluation and training. In the event program expansions are under consideration, information shall be forwarded regarding the population to be served; criteria for eligibility; source of funding; and impact on existing programs.
4. **Management of Funds in the CIDC Program.** Amounts appropriated above to the Department of Health in Strategy D.1.4., Special Needs Children/Chronically Ill and Disabled Children's (CIDC) Program may only be transferred to Strategy E.2.1., County Indigent Health, or Strategy B.1.4., Premiums: Children/Medically Needy. Any transfers pursuant to this provision are subject to prior notification to the Legislative Budget Board and the Governor's Office of Budget and Planning that such a transfer is to take place. Funds may not be transferred from D.1.4., Special Needs Children/Chronically Ill and Disabled Children's Program, if such a transfer would result in a loss of, or reduction in, services or a loss of, or reduction in, persons otherwise eligible for CIDC services. Notwithstanding any other provisions contained in this Act, no transfers shall be made out of Strategy D.1.1., Maternal and Child Health Services. Further, the department shall make expenditures from Strategy D.1.4., Special Needs Children/Chronically Ill and Disabled Children's Program, from state funds in proportion to the source of funds budgeted for the strategy. The department shall report quarterly on compliance with this provision to the Legislative Budget Board and the Governor's Office of Budget and Planning.  - b. Funds appropriated pursuant to this section may be transferred to the General Services Commission for project planning and construction.
 - c. All receipts generated by the Texas Department of Health from laboratory fees during the 2000-01 biennium are hereby appropriated to the Texas Department of Health for transfer to the Texas Public Finance Authority for the payment of debt services on the project revenue bonds.
 - d. No funds appropriated to the Department of Health by this Act may be transferred into Goal F, Indirect Administration.
6. **Appropriations Limited to Revenue Collections.** It is the intent of the Legislature that fees, fines and other miscellaneous revenues as authorized and generated by the agency cover, at a

- a. Amounts available shall be expended prior to utilization of any general revenue available for the same purposes;
- b. In the event general revenue has been expended prior to the receipt of vendor drug rebates, the department shall reimburse general revenue through the cost allocation process authorized in Article IX of this Act. This process shall be completed on a monthly basis in order to maintain a minimum monthly balance on hand from the vendor drug rebate program; and
- c. The department shall report monthly to the Legislative Budget Board, the Governor's Office of Budget and Planning, and the Comptroller's Office on vendor drug receipts, expenditures, and anticipated revenues and balances.

 - b. Each report submitted to the Legislative Budget Board and the Office of the Governor pursuant to this provision must be accompanied by supporting documentation detailing the sources and methodologies utilized to develop any caseload or cost projections contained in each respective report and any other supporting materials as specified by the Legislative Budget Board and the Office of the Governor.
 - c. Each report submitted pursuant to this provision must contain a certification by the person submitting the report, that the information provided is true and correct based upon information and belief together with supporting documentation.

The method of finance item, Earned Federal Funds, for appropriations made above, includes unexpended and unobligated balances of Earned Federal Funds remaining as of August 31, 1999, and receipts earned in fiscal years 2000 and 2001. Unexpended balances in Earned Federal Funds at the close of the fiscal year ending August 31, 2000, are hereby appropriated for the fiscal year beginning September 1, 2000.

The Department of Health is authorized to receive and spend premium credits and interest earnings generated from fund balances with the Risk Stabilization Reserve, the Disbursement Account, and the STAR (Managed Care) Account, as defined in the contractual agreement with the fiscal agent and/or insurance carrier for purchased health services except for those interest earnings related to the Cash Management Improvement Act (CMIA). The department is also authorized to receive and spend experience rebates generated in accordance with its contractual agreements with health maintenance organizations who participate in Medicaid managed care. In addition, the department is authorized to receive and expend third party recoupments related to the Medicaid program. 2. **Medical Assistance Payments.** General revenue funds appropriated herein above for all Medicaid services shall be payable in equal monthly installments on the first day of each calendar month; provided, however, that any balances on hand in such funds may be carried over from month to month during each fiscal year and from fiscal year 2000 to fiscal year 2001, and such funds are reappropriated to the department for the 2000-01 biennium.

3. **Federal Funds Appropriated.** The appropriations herein made may be used to match federal funds granted to the state for the payment of personal services, travel and other necessary expenses in connection with the administration and operation of a state program of public welfare services. The Department of Human Services is hereby authorized to receive and disburse in accordance with plans acceptable to the responsible federal agency, all federal moneys that are made available (including grants, allotments, and reimbursements) to the state and retain their character as federal funds for such purposes and all fees authorized by federal law, and to receive, administer, and disburse federal funds for federal programs in accordance with plans agreed upon by the Department of Human Services and the responsible federal agency, and such other activities as come under the authority of the Department of Human Services, and such moneys are appropriated to the specific purpose or purposes for which they are granted or otherwise made available. Earned federal funds are not considered to be federal funds for the purpose of this section.

4. **Federal, State and Local Funds Appropriated.** The Department of Human Services is hereby authorized to accept all moneys appropriated by the federal or state governments, or by the Commissioners' Court of any county, or by any political subdivisions, as provided by Section 11.003 of the Human Resources Code, as amended, for any purpose including but not limited to the cost of distributing foods to needy people, institutions, school lunch programs, or otherwise as provided by the laws of the United States and the rules and regulations issued pursuant thereto for the distribution of commodities as they now read or as they may be hereafter amended, and to deposit said moneys in the State Treasury. All of said funds are hereby appropriated to the Department of Human Services for the purposes for which they were granted.

5. **Reappropriation of Federal and Local Funds.** All funds received by the department from counties, cities, federal agencies and from any other local source and all balances from such sources as of August 31, 1999, are hereby appropriated for the biennium ending August 31, 2001, for the purpose of carrying out the provisions of this Act.

6. **Food Stamp Program Funds Appropriated.** The Department of Human Services is hereby designated as the state agency to establish and operate a statewide Food Stamp Program and to accept all moneys appropriated for this purpose by the federal or state governments, by the Commissioners' Court of any county, by any political subdivisions of the state, or received from any other source as provided for herein and in Chapter 33, Human Resources Code. The Department of Human Services is authorized to expend such funds for welfare purposes, including the cost of distributing foods to needy people, institutions, school lunch programs, or otherwise as provided by the laws of the United States and the rules and regulations issued pursuant thereto, for the establishment and operation of a statewide Food Stamp Program, and for the employment of essential personnel who shall be employed under a merit system basis

comparable to the merit principles or standards applicable to all other personnel of the department.

7. Nursing Home Program Provisions.

- a. **Nursing Home Income Eligibility Cap.** It is the intent of the Legislature that the income eligibility cap for nursing home care shall be maintained at the federal maximum level of 300 percent of Supplemental Security Income (SSI). Further, it is the intent of the Legislature that any cost-of-living increase in social security or other benefits sponsored by the federal government or that any increase in other pension plans should not result in the termination of Title XIX benefits for persons already eligible for services. The Department of Human Services is hereby authorized to expend general revenue funds to the extent necessary to insure the continuation of benefits to persons eligible.
- b. **Limitation on Per Day Cost of Alternate Care.** No funds shall be expended by the Department of Human Services for alternate care where the cost per patient per day exceeds the average Medicaid Nursing Facility rate or the patient's nursing facility rate, whichever is greater, except for cases individually exempted by the Board of Human Services.
- c. **Establishment of a Swing-bed Program.** Out of the funds appropriated above for nursing home vendor payments, the department shall maintain a "swing-bed" program, in accordance with federal regulations, to provide reimbursement for skilled nursing patients who are served in hospital settings in counties with a population of 100,000 or less. If the swing beds are used for more than one 30-day length of stay per year per patient, the hospital must comply with the regulations and standards required for nursing home facilities.
- d. **Nursing Home Bed Capacity Planning.** It is the intent of the Legislature that the department shall establish by rule procedures for controlling the number of Medicaid beds and for the decertification of unused Medicaid beds and for reallocating some or all of the decertified Medicaid beds. The procedures shall take into account a facility's occupancy rate.
- e. **Nursing Facility Competition.** It is the intent of the Legislature that the department encourage competition among contracted nursing facilities.

8. Appropriation of Receipts: Civil Monetary Damages and Penalties. Out of funds collected by the department as civil monetary damages and penalties under Human Resources Code Section 32.039, there are appropriated to the department amounts equal to the costs of the investigation and collection proceedings conducted under that section, and any amounts collected as reimbursement for claims paid by the department.

9. Salaries of Probationary Employees. It is provided that funds herein appropriated may be expended at rates established by the Department of Human Services for the salaries of employees who are newly hired, transferred or promoted into bona fide administrative or professional jobs and who are participating in a formalized training program in conjunction with their period of probationary service. At the successful conclusion of the probationary period these employees will be moved into regular classified positions.

10. Appropriations Limited to Revenue Collections. It is the intent of the Legislature that fees, fines, and other miscellaneous revenues as authorized and generated by the agency cover, at a minimum, the cost of the appropriations made above for the Nursing Facility Administrator program in Strategy A.2.2., Long Term Care Credentialing as well as the "other direct and indirect costs" associated with this program, appropriated elsewhere in this Act. Direct costs for the Nursing Facility Administrator program are estimated to be \$280,943 for fiscal year 2000 and \$280,943 for fiscal year 2001. "Other direct and indirect costs" for the Nursing Facility

DEPARTMENT OF HUMAN SERVICES
(Continued)

Administrator program are estimated to be \$94,636 for fiscal year 2000 and \$95,894 for fiscal year 2001. In the event that actual and/or projected revenue collections are insufficient to offset the costs identified by this provision, the Legislative Budget Board may direct that the Comptroller of Public Accounts reduce the appropriation authority provided above to be within the amount of revenue expected to be available.

11. **Accounting of Support Costs.** The State Comptroller shall establish separate accounts from which certain support costs shall be paid. The Department of Human Services is hereby authorized to make transfers into these separate accounts from line item strategies in order to pay for these expenses in an efficient and effective manner. Only costs not directly attributable to a single program may be budgeted in or paid from these accounts. Items to be budgeted in and paid from these accounts include, but are not limited to: postage, occupancy costs, equipment repair, telephones, office printing costs, supplies, freight and transport costs, telephone system costs, and salary and travel costs of staff whose function supports several programs. The department shall be responsible for monthly allocations of these costs to the original strategies.
12. **Fund Transfers for Funds Consolidation.** For the purpose of funds consolidation, federal and other funds may be transferred into the General Revenue Fund from the Department of Human Services Fund 117. The initial deposit of federal funds shall be made into Fund 117 and no direct expenditures shall be made from this fund.
13. **Pediatric Care in Nursing Facilities.** In determining the appropriate placement for children who currently receive care in nursing facilities, the department shall, within the requirements of federal law, consider the requests of parents concerning either a continued stay in a nursing facility providing skilled pediatric care or an alternate placement.
14. **Limitation: Transfer Authority.** Notwithstanding any other provision of this Act, none of the funds appropriated by this Act to the Department of Human Services for
 - a. A.1.1. Community Care Services;

 - c. A.1.4. Nursing Facility & Hospice Payments;
 - d. A.1.5. Integrated Service Delivery Systems;
 - e. A.2.1. Long-Term Care Facility Regulation; and
 - f. B.1.2. CSS Eligibility & Issuance Services

may be transferred to any other item of appropriation or expended for any purpose other than the specific purpose for which the funds are appropriated, however, transfers may be made between Medicaid Strategies in accordance with other provisions in this Act.

15. **Additional Funding Sources, Medicaid.** Notwithstanding any other provisions of this Act, if the appropriations provided for
 - a. A.1.1. Community Care Services;
 - b. A.1.3. LTC Eligibility & Service Planning;
 - c. A.1.4. Nursing Facility & Hospice Payments;
 - d. A.1.5. Integrated Service Delivery Systems;

 - f. B.1.2. CSS Eligibility & Issuance Services

are not sufficient to provide for expenditures mandated by either state or federal law, after accounting for any appropriations made to the department and available for transfer to these programs, the Legislative Budget Board and the Office of the Governor may provide for and are hereby authorized to direct the transfer of sufficient amounts of funds to the department from appropriations made elsewhere in this Act.

16. Medicaid and Other Program Reporting Requirements.

- a. None of the funds appropriated by this Act to the Department of Human Services may be expended or distributed by the department unless:

- (2) the Department submits to the Legislative Budget Board and the Office of the Governor at the close of each month a report detailing Medicaid and other program caseload figures and related expenditure amounts for the preceding 36 months, and projecting the anticipated Medicaid and other program caseloads, related expenditure amounts, and full-time equivalent requirements for the 36 month period beginning with the first month after the report is due. The report shall be prepared in a format specified by the Legislative Budget Board.
- b. Each report submitted to the Legislative Budget Board and the Office of the Governor pursuant to this provision must be accompanied by supporting documentation detailing the sources and methodologies utilized to develop any caseload or cost projections contained in each respective report and any other supporting material as specified by the Legislative Budget Board and the Office of the Governor.
- c. Each report submitted pursuant to this provision must contain a certification by the person submitting the report that the information provided is true and correct based upon information and belief together with supporting documentation.
- d. The Comptroller of Public Accounts shall not allow the expenditure of funds appropriated by this Act to the Department of Human Services if the Legislative Budget Board and the Office of the Governor certify to the Comptroller of Public Accounts that the Department of Human Services is not in compliance with this provision.

17. Reduction in Error Rates. The Department for Human Services shall set progressive goals for improving error rates for eligibility determination of Food Stamp benefits, with a specific schedule for meeting those goals. The department shall submit a semi-annual status report beginning September 1, 1999 to the Governor's Office and the Legislative Budget Board. The status report shall identify the progress made towards achieving those goals.

18. Earned Federal Funds.

- a. - b. The authority to receive and expend earned federal funds generated in the 2000-01 biennium in excess of those appropriated above is subject to the following limitations:
- (1) At least 14 days prior to any expenditure of earned federal funds in excess of those appropriated, the department shall report the earned federal funds received and provide documentation of the proposed use of these funds to the Legislative Budget Board, Governor's Office of Budget and Planning, and Health and Human Services Commission. At least 14 days prior to any meeting of the Board of Human Services to budget any use of earned federal funds above levels indicated in the appropriation above or to consider any program expansion, the department shall report the earned federal funds received and provide documentation of the proposed use of these funds to the Legislative Budget Board, Governor's Office of Budget and Planning, and Health and Human Services Commission.
 - (2) Notifications shall include information regarding the need which will be served with the additional revenue. In the event program expansions are under consideration, information shall be forwarded regarding the population to be served; criteria for eligibility; and impact upon existing programs.
 - (3) The report shall include the information detailed in "2" and identify the impact on established performance targets, measures, and full-time equivalent positions. The method of financing item, Earned Federal Funds, for appropriations made above includes unexpended and unobligated balances of earned federal funds remaining as of August 31, 1999 and receipts earned in fiscal years 2000 and 2001.
19. **Leases.** No funds under this Act may be expended for building space leased for the Department of Human Services which is totally vacated by the Department of Human Services.
20. **Child Support Supplemental Payments.** Out of the funds appropriated above in Item B.1.1., TANF Grants, and child support collections from the Child Support Trust Fund, the Department shall make supplemental payments to families receiving welfare who would be eligible to receive child support "pass through" and "first excess" payments under the Social Security Act Title IV-D child support distribution requirements prior to passage of the Personal Responsibility and Work Opportunity Reconciliation Act of 1996. These payments shall equal the amount of the "pass through" and "first excess" payment the family would have received under prior law. Child support collections shall comprise a portion of each total payment. The portion of the total payment funded with child support collections shall equal the state share of the Federal Medical Assistance Percentage (FMAP) for the fiscal year. If child support "pass through" or "first excess" payment distribution requirements are modified by federal law after enactment of this provision, the Department, in cooperation with the Office of the Attorney General, shall adjust the supplemental payments as necessary to be consistent with federal law and to not exceed the total the family would have received prior to welfare reform. The Department shall report any change to child support supplemental payments to the Governor and Legislative Budget Board.
21. **Temporary Emergency Assistance for Families At-Risk of Welfare Dependency.** Out of funds appropriated above in Strategy B.1.1., TANF Grants, the department shall provide a one-time emergency assistance payment to applicants for Temporary Assistance for Needy Families (TANF) who are likely to be employed within a short period of time, without referral to the Choices program.
22. **Assistance Registration and Eligibility Determination.** To the extent possible it is the intent of the Legislature that if the Texas Workforce Commission and/or the Department of Human Services require applicants for Temporary Assistance for Needy Families (TANF) assistance to register with the commission before the Department of Human Services can determine their eligibility for benefits, then the registration/orientation for TANF applicants shall be provided

From the proceeds of the issuance and sale of such bonds or obligations, such amounts as may be necessary to fund the associated costs are hereby appropriated to the Texas Public Finance Authority for the fiscal year beginning September 1, 1999. From any funds appropriated to the Department of Human Services, an amount not to exceed \$2,400,000 for the biennium in all funds is appropriated and may be used for paying debt service on the obligations issued by the Texas Public Finance Authority on behalf of the department for the above mentioned project.

As provided by Article 601d, Vernon's Texas Civil Statutes, in recognition that cost estimates are not final at the time that the project is authorized for financing and that bonds may be issued to fund associated costs, including reasonably required reserve funds, capitalized interest, administrative costs of the authority and debt issuing expenses, the principal amount of any issuance of debt for this purpose may be in an amount not to exceed one and one-half the amount of the expected cost for the project being financed. From the proceeds of the issuance and sale of such bonds or debt obligations, such amounts as may be necessary to fund the associated costs of issuances are hereby appropriated to the Texas Public Finance Authority for the fiscal biennium beginning September 1, 1999. From any funds transferred to the Department of Human Services for the purpose of implementing the plan approved under HB 2777, Seventy-fifth Legislature, Regular Session, and from any funds appropriated to the Department of Human Services, an amount not to exceed \$1,500,000 (amounts needed for debt service) for the biennium in all funds may be transferred to the Texas Public Finance Authority for lease payments to the Texas Public Finance Authority to pay debt service on the obligations issued by the Texas Public Finance Authority on behalf of the department for the above-mentioned project.

The Commissioner shall make the certification to the Governor and the Legislative Budget Board by July 1, 2000, and the certification must be accompanied by supporting documentation detailing how the agency will ensure that providers will comply with the new wage rules, as well as any other supporting materials specified by the Governor or the Legislative Budget Board. These funds are appropriated for the purpose of improving the quality of care for community care clients.
38. **Contingency Appropriation: Nursing Facility Staffing and Quality of Care.** Out of the amounts appropriated above, the Texas Department of Human Services is appropriated \$15,800,000 in general revenue funds and \$25,185,733 in federal funds for fiscal year 2000 for reimbursement increases for nursing homes and hospice care. This increase shall be granted only for the regular provision of interpreter services above and beyond the regular duties of the position, and shall be removed when these services are, for whatever reason, no longer provided by the employee or when they are no longer needed by the facility. Salary increases provided for this purpose are not merit increases and shall not affect an employee's eligibility to receive a merit increase.

41. **Placement Options.** An individual with mental retardation or an individual's legally authorized representative seeking residential services shall receive a clear explanation of programs and services for which the individual is determined to be eligible, including state schools, community ICFs-MR, 1915(c) waiver services or other services. - c. Funds appropriated above in Strategy C.4.7., General Academic Developmental Education Accountability Pilot Program are to be allocated by the Coordinating Board to the institutions participating in the pilot program. The allocation to each institution for each fiscal year shall be based on the number of students who successfully complete developmental education during the previous fiscal year. A student who successfully completes developmental education is defined as a student who does not meet basic state education standards for college-level work, as defined by the Coordinating Board, who undertakes a developmental education program, and who subsequently demonstrates college readiness, as defined by the Coordinating Board, within two years. In allocating these funds, it is the intent of the Legislature that: (a) performance funding should be allocated to individual institutions in such a way that remedying large deficiencies in college readiness will result in proportionately more funding than remedying minor deficiencies in college readiness; and (b) institutions that demonstrate an increase in performance do not experience a reduction in developmental education funding received through the pilot program.
 - d. It is the intent of the Legislature that to be eligible for state funding, public institutions of higher education shall have developmental education programs certified or accredited by a nationally recognized Developmental Education entity by Fall 2005. Institutions shall report progress toward that goal to the Coordinating Board no later than October 31, 2000.

These funds shall be transferred from the formula funded strategies of the participating community/technical colleges to the Coordinating Board and are hereby appropriated to Strategy C.4.8., Community and Technical College Developmental Education Performance Fund.
 - c. Funds appropriated above in Strategy C.4.8., Community and Technical College Developmental Education Accountability Pilot Program are to be allocated by the Coordinating Board to the community and technical colleges participating in the pilot program. The allocation to each institution for each fiscal year shall be based on the improvements made in academic preparation of students who have previously been evaluated as not meeting basic college readiness standards as defined by the Coordinating Board, and who have completed a developmental education program in the previous year. In allocating these funds, it is the intent of the Legislature that: (a) performance funding should be allocated to individual institutions in such a way that the funding provided for individual students shall be proportional to the progress that has been made in remedying

HIGHER EDUCATION COORDINATING BOARD

deficiencies in college readiness, as defined by the Coordinating Board; and (b) institutions that demonstrate increased performance do not experience a reduction in the developmental education funding received through the pilot program.

- d. It is the intent of the Legislature that to be eligible for state funding, public institutions of higher education shall have developmental education programs certified or accredited by a nationally recognized developmental education entity by Fall 2005. Institutions shall report progress toward that goal to the Coordinating Board no later than October 31, 2000.
 - e. The Coordinating Board, in conjunction with the community and technical colleges participating in the pilot program, shall produce an interim report evaluating the effectiveness of the pilot program and making recommendations for further expansion of the program no later than December 31, 2000.

The governing boards are authorized to establish accounts from which salaries and expenses for the administration and supervision of the units of the system or institution may be paid and to require the units, including any other agency the administration of which it may be charged with by law, to pay into this account from any general revenue, local, or institutional funds their proportionate share as determined by the board for the expense of such administration and supervision. Sec. 13. Limitation of Nonresident Enrollment in Certain State-supported Professional Schools.

1. None of the funds appropriated by this Act may be expended for the establishment, operation, or maintenance, or for the payment of any salaries to the employees in, any wholly or partially state-supported medical, dental, or law school which: (a) imposes a limitation on the number of students that it admits, (b) in an academic semester denies admission to one or more Texas

residents who apply for admission and who reasonably demonstrate that they are probably capable of doing the quality of work that is necessary to obtain the usual degree awarded by such school, and (c) in the same academic semester admits, as either class, nonresidents of the State of Texas in a number greater than 10% of the class of which such nonresidents are a part. Limitation of nonresident enrollment at The University of Texas Law School, Texas Tech University School of Law, and the University of Houston Law Center may be increased to 20% of the class of which nonresidents are a part provided that the admission of such nonresident students is on the basis of academic merit alone. By the provisions of this paragraph it is intended to withhold funds appropriated by this Act from state-supported medical, dental, and law schools which limit their enrollments and which fill more than 10% of their classes with non-resident students in the case of medical and dental schools, and 20% in the case of The University of Texas Law School, Texas Tech University Law School and the University of Houston Law Center, when the result of admitting a nonresident denies admission to a qualified Texas applicant. This provision shall not apply to the funds appropriated to the Coordinating Board for the funding of Baylor College of Medicine or to funds appropriated for tuition equalization grants for students attending private colleges.

2. In addition, The University of Texas Southwestern Medical Center at Dallas may admit up to 25 competitively recruited medical students in each entering class for a specialized six-year program of clinical and research training designed to lead to the M.D. and Ph.D. degrees irrespective of whether those students are Texas residents.
3. Texas medical schools may enroll up to 6 competitively recruited medical students, who already possess the D.D.S. degree, in each second year medical school class for a specialized six year program in oral and maxillofacial surgery comprised of the last three years of medical school and a three year residency program irrespective of whether those students are Texas residents.

Sec. 14. **Off-campus Instruction.** General academic institutions may teach courses off campus with the following restrictions:

1. At the conclusion of each fiscal year, the Coordinating Board shall file a report with the Executive Budget Office and the Legislative Budget Board on all general academic institutions concerning off-campus semester credit hours for that fiscal year.
2. Semester credit hours generated at upper level centers authorized by the Legislature or by the Coordinating Board, as well as at Prairie View A&M's Houston nursing program and Texas Woman's University nursing programs in Dallas and Houston are not considered to be off-campus.
3. All courses taught off campus must be taught by a regular faculty member or administrator who is employed at least half-time on the main campus of the institution. The Commissioner of Higher Education may waive this requirement in special cases where institutions can justify the use of a uniquely qualified individual. Allied health and vocational instructors are exempted from this requirement.

Sec. 15. **Medical School Enrollment.** It is the intent of the Legislature that the first year class enrollment of undergraduate medical students in the fiscal years ending August 31, 2000 and August 31, 2001, shall be no less than 200 students at The University of Texas System medical colleges and 100 students at the University of North Texas Health Science Center at Fort Worth and the Texas Tech University Health Sciences Center College of Medicine. This provision shall not be construed as requiring any school of medicine to accept an unqualified applicant. In the event that a school of medicine falls below the required first year class enrollment of undergraduate medical students by more than five percent for fiscal years 2000 and 2001, the school shall report to the Legislative Budget Board the reasons for failing to meet the required enrollment. It is the intent of the Legislature

that this information be taken into account when preparing the appropriation recommendations for the Seventy-seventh Legislature.

Sec. 16. Tuition and Other Educational and General Local Fee Collection. On or before the end of the 20th class day for each regular semester and the 15th class day for each summer session, each institution of higher education shall collect in full from each student that is to be counted for state aid purposes the amounts set by law as tuition and other education and general local fee in accordance with the installment tuition and other educational and general local fee payment plan provided for by V.T.C.A., Education Code, Chapter 54, as amended. Valid contracts with the United States Government for instruction of eligible military personnel, valid contracts with private business and public service-type organizations or institutions such as hospitals, and financial aid awards processed by the financial aid office but not yet issued to the student may be considered as collections thereunder but subject to adjustments after final payment thereof.

Sec. 17. Compliance with Access and Equity 2000. It is the intent of the Legislature that institutions of higher education give top priority and consideration to compliance with the spirit and mandates of the Access and Equity 2000.

Sec. 18. Educationally Disadvantaged Student Independent Programs at UT-Austin and TAMU. Out of the funds appropriated to The University of Texas at Austin and Texas A&M University at least \$130,000 per year shall be expended for independent programs designed to recruit and retain through scholarships and financial aid educationally disadvantaged students. These universities will by the year 2000 increase the number of educationally disadvantaged students to a level which reasonably reflects the proportion of educationally disadvantaged persons in Texas. They shall be required to submit to the Governor, Lieutenant Governor, and Speaker of the House a report detailing how the funds were spent and the progress of the programs. Failure to implement and sustain the programs will result in a reduction of \$650,000 per year of funds allocated to the respective campus(es) for the biennium. Any reduction will be allocated to the program entitled Texas New Horizon Scholarship Fund that is administered by the Coordinating Board and will be available to all of the public colleges and universities except those which fail to abide by this provision.

Sec. 19. Formula Variable and Educational and General Income Audits. The Texas Higher Education Coordinating Board in consultation with the State Auditor's Office and the Legislative Budget Board, shall clearly define all variables used by the Seventy-sixth Legislature in arriving at formula appropriations for 2000 and 2001. According to an audit plan developed in consultation with the Coordinating Board and Legislative Budget Board, all variables of selected formulas used in making 2000 and 2001 formula appropriations are subject to audit by the State Auditor. The State Auditor shall report any differences from data submitted by the institutions to the Coordinating Board, the Legislative Budget Board, and the Governor. The Coordinating Board shall then calculate a new appropriations amount for each institution that reported data in conflict with that verified by the Auditor. These calculations shall then be reported to the Legislative Budget Board, Governor, and the Comptroller of Public Accounts and may be used to revise appropriation authority accordingly. The calculation of revised appropriation amounts shall allow institutions an error rate of up to two percent.

In addition, components of educational and general income reported in the institutional requests for legislative appropriations for fiscal years 2000 and 2001 are subject to audit by the State Auditor.

The State Auditor may request the assistance of an institution's internal auditor in performing the audits described in this section.

Sec. 20. System Offices Funding Authorized. Educational and general funds appropriated to components of The University of Texas, Texas A&M University, University of Houston, Texas State University System and Texas State Technical College Systems may be transferred or contracted to system offices to provide support for coordination, administration, and other related services.

Sec. 21. **License Plate Scholarship Program.** In addition to educational and general funds amounts appropriated by this Act, available balances and the portion of fees deposited in the state treasury during the biennium ending August 31, 2001, to the credit of the general academic institutions as provided by V.T.C.A., Transportation Code, Section 502.270, is appropriated for that period to the general academic teaching institution for which it was credited for the purpose of providing scholarships for students who demonstrate a need for financial assistance.

Sec. 22. **Annual Reports of Health Related Institutions Practice Plans.** As a limitation and restriction upon appropriations made by this Act, all agencies that have a public health related institution covered under Article III shall not expend funds after a period of one hundred twenty (120) days following the close of the fiscal year, unless there has been filed with the Governor, the State Auditor, the Legislative Budget Board, the Legislative Reference Library and the Comptroller of Public Accounts an annual report as of August 31 of the preceding fiscal year, showing the use of practice plan funds. The annual report shall conform to a uniform reporting system developed by the State Auditor's Office for all financial data concerning the health related institutions practice plans.

Sec. 23. **Self-insurance Funds.** Any funds of an institution of higher education used for or allocated to a self-insurance fund authorized by Vernon's Annotated Civil Statutes, Article 715(c), for a risk otherwise insurable by the institution of higher education shall be treated by the Comptroller of Public Accounts as an expenditure of the respective funds. The self-insurance funds so created shall be considered designated funds as that term is used in Sec. 51.008(b) of the Education Code. Any self-insurance fund reserves so created shall not exceed in amount the maximum value determined to be actuarially sound for each such self-insurance program.

Sec. 24. **Elements of Un-sponsored Charity Care.**

1. **Financially Indigent.** Un-sponsored charity care shall include unreimbursed services to the financially indigent. Financially indigent shall mean uninsured or underinsured patients accepted for care with no obligation or a discounted obligation to pay for services rendered based on a teaching hospital's or clinic's formal eligibility system which may include: (a) income levels and means testing or other criteria for determining a patient's inability to pay; or (b) other criteria for determining a patient's inability to pay that are consistent with the hospital's or clinic's mission and established policy. The federal poverty level shall serve as an index for the threshold below which patients receiving care at The University of Texas Southwestern Medical Center at Dallas, The University of Texas Medical Branch at Galveston, The University of Texas Health Science Center at Houston, The University of Texas Health Science Center at San Antonio, The University of Texas M.D. Anderson Cancer Center, The University of Texas Health Center at Tyler, Texas A&M University System Health Science Center, The Texas Tech Health Sciences Center, and The University of North Texas Health Science Center are deemed financially indigent. Financially indigent services include both noncovered services and contractual allowances for patients eligible for the Medicaid program and for the Chronically Ill and Disabled Children's Service (CIDC) program, services provided under the Maternal and Infant Health Improvement Act (MIHIA), services provided under county indigent care contracts (Sec. 27), and services provided under other state or local government programs with eligibility indexed to the federal poverty level.
2. **Medically Indigent.** Un-sponsored charity care shall include unreimbursed services to the medically indigent. Medically indigent shall mean patients who are responsible for their living expenses, but whose medical and hospital bills, after payment by third-party payers, where applicable, exceed: (a) a specified percentage of the patient's annual gross income (i.e., catastrophic medical expenses) in accordance with a teaching hospital or clinic's formal eligibility system in such instances where payment would require liquidation of assets critical to living or earning a living; or (b) the criteria for determining a patient's inability to pay as established by the public health-related institutions listed in Sec. 24, Financially Indigent.

**SPECIAL PROVISIONS RELATING ONLY TO STATE AGENCIES
OF HIGHER EDUCATION
(Continued)**

3. **Charity Care Determination.** The determination that a patient is financially or medically indigent shall occur within 120 days of the patient's discharge from the hospital or clinic setting or within 120 days of the third party payor settlement.
4. **Contractual Adjustments.** The contractual adjustments to commercial contracts, managed care contracts, and Medicare for the public health-related institutions listed in Sec. 24, Financially Indigent, shall not be counted as unsponsored charity care.
5. **Bad Debt.** Bad debts shall not be counted as unsponsored charity costs. Bad debts shall include the uncollected billed charges for services rendered to patients who do not qualify under the definition of unsponsored charity care.

Sec. 25. **Unsponsored Charity Care Reporting Requirement.** The public health-related institutions listed in Sec. 24, Financially Indigent, shall include in their biennial legislative appropriations request information including the actual amount of unsponsored charity care provided through each institution's respective physician practice plan, and if applicable, hospital or clinic using the definition of unsponsored charity care set forth in the section called "Elements of Unsponsored Charity Care."

Sec. 26. **Patient Income Eligibility Guidelines.** The University of Texas Medical Branch at Galveston, The University of Texas M. D. Anderson Cancer Center, and The University of Texas Health Center at Tyler shall use the federal poverty level indexed at an agreed-upon level as the guideline for determining indigent patient status, and those institutions' eligibility guidelines regarding copayment by patients deemed financially or medically indigent shall be the same.

The University of Texas Southwestern Medical Center at Dallas, The University of Texas Health Science Center at Houston, The University of Texas Health Science Center at San Antonio, Texas A&M University System Health Science Center, The Texas Tech Health Sciences Center, and The University of North Texas Health Science Center may use as a basis for reporting indigent care statistical samples derived from indigent care determinations made by their affiliated teaching hospitals and designed to estimate the amounts of charity care provided using the definitions established by The University of Texas hospitals noted above.

Sec. 27. **County Indigent Care Contracts.**

1. **Contracts Required.** It is the intent of the Legislature that all institutions of higher education providing indigent health care contract with relevant counties in their service area to recover the costs associated with treating those counties' indigent patients.
2. **County Indigent Care Contracts Reporting.** The University of Texas Medical Branch at Galveston, The University of Texas M.D. Anderson Cancer Center, and The University of Texas Health Center at Tyler shall submit to the Legislative Budget Board and the Governor at the end of each fiscal year a list of counties whose indigent residents have been served by each institution; the total amount of reimbursement received by each institution from each county pursuant to the Indigent Health Care and Treatment Act; and the total cost, by county, of services provided by each institution for which counties are liable pursuant to the Indigent Health Care and Treatment Act. In addition, each institution shall report annually to the Legislative Budget Board and Governor on the status of contract agreements or negotiations with each county whose indigent residents have been served by the institution.

Sec. 28. **Family Practice Clerkship Funding.** Each medical school or college shall expend the following amounts for the purpose of providing a clerkship in family practice during the third core clinical year pursuant to V.T.C.A., Education Code Section 51.918 (d)(1). Funding for these clerkships may include appropriated funds, institutional funds or restricted grant funds. These amounts may not be used to supplant allocations made for other purposes to family practice

Sec. 29. **National Research Laboratory Commission.** It is the intent of the Legislature that all funds and assets held by the National Research Laboratory Commission shall be distributed in the following manner:

1. The General Services Commission and the General Land Office shall dispose of all physical assets, including land, buildings, and equipment, associated with the Superconducting Supercollider Project. All proceeds from the sale of any real or personal property shall be deposited into the General Revenue Fund.
2. Upon receipt of funds deposited into the General Revenue Fund under the provisions of part a above, the Comptroller of Public Accounts shall transfer said funds to the Public Finance Authority to create an escrow fund for the purpose of defeasing all, or a portion of the General Obligation Bonds issued by the Texas Public Finance Authority for the state's participation in the Superconducting Supercollider Project. The Texas Public Finance Authority is authorized to create a bond escrow fund and interest and sinking fund and to transfer funds provided by this provision between bond funds for the purpose of defeasing and making debt service payments on the outstanding General Obligation bonds described in this provision.
3. All unexpended balances deposited to the General Revenue Fund and transferred to the Texas Public Finance Authority to establish the escrow fund pursuant to House Bill 1, Seventy-fifth Legislature, Article III Special Provisions, Section 30, are hereby reappropriated for the

2000–01 biennium for the purpose of defeasing and making debt service payments on the outstanding General Obligation bonds described herein.

Sec. 30. Ethics Policy.

1. None of the funds appropriated by this Act may be expended by an institution of higher education until its governing board has filed with the Texas Higher Education Coordinating Board an ethics policy which has been adopted by the board of regents. The ethics policy shall apply to the board of regents and its staff, the administration, staff, and faculty of the institutions under the board's governance.
2. The ethics policy adopted by each board of regents shall include specific provisions regarding sexual harassment.

Sec. 31. Driscoll Children's Hospital. No funds appropriated to a health-related institution of higher education shall be used to replace or duplicate the Driscoll Children's Hospital in caring for children with special health-care needs, including pediatric cardiovascular diseases or in assuming the direct care of those children. It is legislative intent that this rider language not restrict the traditional referral patterns, utilized by physicians to refer patients to health-related institutions.

Sec. 32. Participation in Drug Development Research Projects. A public university may not expend funds appropriated by this Act, including appropriations of grants or gifts, to conduct a drug development research protocol involving a person who is receiving mental health services under a protective custody order, pursuant to Chapter 574, Health and Safety Code. This rider is not intended to limit or prohibit provisions for treatment established under Section 576.022, Health and Safety Code.

Sec. 33. Post Tenure Review. None of the funds appropriated by this Act may be expended by an institution of higher education until its governing board has filed with the Texas Higher Education Coordinating Board policies and procedures regarding post tenure review which have been adopted by the board of regents. Post tenure policies shall include review procedures to determine that a tenured faculty member is performing consistently at an acceptable, professional level and a mechanism whereby a faculty member is informed of any deficiencies and provided opportunities to effectively improve his or her performance.

Sec. 34. General Academic Funding. Funding for general academic institutions will consist of four formulas and supplemental items.

1. **Instruction and Operations Formula.** The Instruction and Operations Formula shall provide funding for faculty salaries, including nursing, departmental operating expense, library, instructional administration, research enhancement, student services, and institutional support. These funds are distributed on a weighted semester credit hour basis. The rate per weighted semester credit hour for the 2000-01 biennium is \$54.44.

Weighting is determined by the following matrix:

2. **Teaching Experience Supplement.** For the 2000-2001 biennium, an additional weight of five percent is added to lower division and upper division semester credit hours taught by tenured and tenure-track faculty. Furthermore, it is the intent of the Legislature that the weight shall increase by ten percent per biennium, up to 50 percent.

**SPECIAL PROVISIONS RELATING ONLY TO STATE AGENCIES
OF HIGHER EDUCATION
(Continued)**

3. **Growth Supplement.** Universities projected by the Coordinating Board to experience growth in headcount enrollment from Fall 1998 to Fall 2000 will receive a \$1,435 supplement for each additional student forecasted to enroll during that time period. The supplement is based on the amount of general revenue funding per student generated by the instruction and operations formula.
4. **Infrastructure Support.** Funding associated with plant-related formulas and utilities shall be distributed by the infrastructure support formula which is driven by the predicted square feet for universities' educational and general activities produced by the Space Projection Model developed by the Coordinating Board. The portion of the formula related to utilities is adjusted to reflect differences in unit costs for purchased utilities, including electricity, natural gas, water and wastewater and thermal energy. The average rate per square foot is \$7.26.
5. **Supplemental Non-formula Items.** Institutions shall receive a direct reimbursement as applicable for staff group insurance (other educational and general income portion), workers' compensation insurance, unemployment compensation insurance, public education grants, 50 percent of indirect research costs recovered on grants, organized activities, scholarships, tuition revenue bond payments, Skiles Act bond payments, and facility lease charges. Institutions may receive an appropriation for special items. Revenue derived from board authorized tuition would still be appropriated to the institutions levying the additional charges.

These formulas and supplemental items shall be reviewed and updated by study committees appointed by the Higher Education Coordinating Board and recommended changes forwarded to the Legislature, Legislative Budget Board, and Governor's Office of Budget and Planning by June 1, 2000.

Sec. 35. **Health Related Institutions Funding.** Funding for health related institutions shall consist of three formulas plus supplemental non-formula items.

1. **Instruction and Operations Support Formula.** The Instruction and Operations Support Formula shall provide funding on a per student or full time equivalent basis. Funding for each instructional program is based on the following funding weights per student, with a base value per weighted student of \$11,383:

<u>Program</u>	<u>Weight Per Student</u>
Allied Health	1.000
Biomedical Science	1.018
Nursing	1.138
Pharmacy	1.670
Public Health	1.721
Dental	4.601
Medical	4.753

Instructional programs with enrollments of less than 200 students at individual campuses shall receive additional funding to compensate for the diseconomies of scale. The minimum formula shall generate additional funding per student, on a sliding scale, with programs with small enrollments receiving more additional funding per student.

2. **Infrastructure Support Formula.** Funding to the health-related institutions for plant support and utilities shall be distributed by the infrastructure support formula which is driven by the predicted square feet for the health related institutions produced by the Space Projection Model developed by the Texas Higher Education Coordinating Board. The rate per square foot is \$11.18 for all health related institutions, excluding The University of Texas M. D. Anderson

(Continued)

Cancer Center and The University of Texas Health Center at Tyler. For these two institutions, the per square foot rate is \$10.68.

Because the Space Projection Model does not account for hospital space, separate infrastructure funding for hospital space at The University of Texas Medical Branch at Galveston, The University of Texas M. D. Anderson Cancer Center, and The University of Texas Health Center at Tyler shall be included in the total funding for hospital and patient care activities.

3. **Research Funding.** The health-related institutions shall retain 100 percent of indirect research costs recovered on grants. Each institution also receives research enhancement funding of \$1,412,500 plus 2.85 percent of its research expenditures as reported to the Texas Higher Education Coordinating Board.
4. **Supplemental Non-formula Items.** Institutions shall receive a direct reimbursement as applicable for staff group insurance, workers' compensation insurance, unemployment insurance, public education grants, medical loans, tuition revenue bond payments, and facility lease charges. Institutions may receive an appropriation for special items. Hospital and clinic operations shall be funded through a combination of hospital and clinic revenue and general revenue.
5. **Formula Study Committees.** These formulas shall be reviewed and updated by study committees appointed by the Texas Higher Education Coordinating Board and recommended changes forwarded to the Legislature, Legislative Budget Board, and Governor's Office by June 1, 2000.

Sec. 36. **Optional Retirement Program Differential.** Included in the appropriation to institutions of higher education in this act are general revenue amounts to offset local funds used for the optional retirement program employer contributions between 6% and 7.31% of salaries for employees who were on the state payroll or who were employed by a Public Community or Junior College as of August 31, 1995. These general revenue amounts are included in the funding formulas for general academic institutions and two-year institutions and in the base funding for other institutions of higher education.

Sec. 37. **Indirect Cost Recovery Earned by Texas A&M Services.** The Texas A&M University Service agencies shall report to the Legislative Budget Board in their Legislative Appropriations Requests for 2002-2003 all indirect cost recovery revenue earned on research grants and contracts including amounts collected by the Research Foundation.

Sec. 38. **TxPHARM Program.** The Texas Higher Education Coordinating Board shall review actual enrollment numbers for the TxPHARM Program at Texas Southern University, Texas Tech University Health Sciences Center, University of Houston, and the University of Texas at Austin and in consultation with the Legislative Budget Board provide adjusted semester credit hour funding amounts to the Comptroller of Public Accounts at the beginning of each year of the biennium. The Comptroller of Public Accounts shall adjust the appropriations accordingly. The total adjusted dollar amount provided to each institution by the Comptroller of Public Accounts shall not exceed the total general revenue appropriation to each institution for the TxPHARM program for the biennium.

Sec. 39. **Fire Safety Projects at Institutions of Higher Education.** Because of the urgent nature of these projects, it is the intent of the Legislature that institutions of higher education that have major fire safety projects, identified by the State Fire Marshall's Office as not meeting the requirements of the National Fire Protection Association, *Life Safety Code*, 1994 Edition, remedy the fire safety issues and complete any related construction and renovation projects as soon as practical. Institutions shall consult with the State Fire Marshall's Office and develop a time line for completion of the projects. Institutions shall implement the interim safety precautions recommended by the State Fire

(Continued)

Marshall's Office. The State Fire Marshall shall submit periodic reports to the House Appropriations Committee and Senate Finance Committee on the progress of institutions in remedying the fire safety issues.

Institutions of higher education shall notify parents of students living in dormitories identified by the State Fire Marshall's Office. The notice shall contain information about the actions needed to rectify noncompliance and the time frame in which the institution plans to make improvements in order to comply.

Sec. 40. **Gerontology Education.** It is the intent of the Legislature that institutions of higher education that have education or research programs on gerontology and the Department of Aging or other appropriate agencies collaborate to build partnerships with appropriate service providers, government agencies and businesses. It is the intent of the Legislature that institutions review current curricula for education programs that prepare health and human services professionals that serve adults to include both course work and clinical experiences that deal with problems in aging. Institutions of higher education should establish processes for receiving advice from experts in the field of aging on issues related to program development and evolution, curriculum quality, and supply and demand for graduates.

Sec. 41. **Developmental Education Performance Fund.** For institutions participating in the General Academic Developmental Education Accountability Pilot Program, funds appropriated in this article for developmental education shall be expended only for those costs associated with the operation of the developmental education program and a reasonable amount of indirect administration. The amounts shall be accounted for separately from other funds to ensure that the use of funds can be readily tracked for financial reporting and auditing purposes. Institutions may expend additional amounts for the purposes of developmental education.

Sec. 42. **Community and Technical College Developmental Education Funds.** For community and technical colleges participating in the Community and Technical College Developmental Education Accountability Pilot Program, funds appropriated in this article for developmental education at shall be expended only for those costs associated with the operation of the developmental education program and a reasonable amount of indirect administration. The amounts shall be accounted for separately from other funds to ensure that the use of funds can be readily tracked for financial reporting and auditing purposes. Institutions may expend additional amounts for the purposes of developmental education.

Sec. 43. **Special Items.** It is the intent of the Legislature that actions taken to consolidate certain special items under the new strategy Institutional Enhancement shall not in any way be construed to preclude actions to add special item funding for a statewide or broadly based initiative identified by the Legislature to address significant unmet needs.

Sec. 44. **Funding for Physical Education Courses.** No funds appropriated under this act shall be used for contact hours or semester credit hours for students who are registered solely for physical education, weight lifting, group exercises, aerobics, or related courses; have registered for the same such course more than once; and are not seeking a degree plan or certificate of completion of a course of study.

Sec. 45. **Faculty Salary Increase Report.** Each general academic institution shall report the average salary increase provided to faculty at the institution to the Legislative Budget Board and Governor's Office by January 31 of each fiscal year on a form prescribed by the Texas Higher Education Coordinating Board.

Sec. 46. **Endowed Chairs.** Out of funds appropriated to the Texas Higher Education Coordinating Board for Baylor College of Medicine, Houston; University of Texas Health Science Center at

Houston; University of Texas Medical Branch at Galveston, each may expend up to \$1,000,000 out of funds appropriated in this Act to fund one endowed chair or professorship for spinal cord injury research. It is the intent of the Legislature that each institution pursue an equal amount of matching funds from the Institute of Rehabilitation and Research for each institution.

Sec. 47. **A&M Service Agencies' Infrastructure.** Funds identified as Capital Equity and Excellence Funds for Texas Agricultural Experiment Station, Texas Agricultural Extension Service, Texas Engineering Experiment Station, Texas Transportation Institute, Texas Engineering Extension Service, and Texas Forest Service are to be applied to each agency's infrastructure needs in Brazos County under the Texas Higher Education Coordinating Board's recommended formula for the A&M service agencies' infrastructure. Each agency shall continue to work with the Texas Higher Education Coordinating Board as part of the ongoing formula advisory committee review process.

Sec. 48. **Contingency for Senate Bill 1651.** Contingent upon the enactment of Senate Bill 1651, or similar legislation relating to establishing Texas Chiropractic College as a public institution and contingent upon Texas Chiropractic College and the board of an institution of higher education expressing sufficient interest, the institution or system that expresses interest in Texas Chiropractic College is authorized to use \$250,000 in fiscal year 2000 and any unexpended balances in fiscal year 2001 from available funds for the purpose of implementing the Act. Texas Chiropractic College is subject to the Special Provisions Relating Only to State Agencies of Higher Education and the General Provisions included in this Act. Any Other Educational and General Income collected by Texas Chiropractic College is hereby appropriated to the institution.

Sec. 49. **Contingency for House Bill 2591.** Contingent upon the enactment of House Bill 2591, or similar legislation relating to relating to the assessment and evaluation of entering college students and providing for certain exemptions to the testing requirement, \$1,191,503 of the general revenue funds appropriated to the general academic, institutions, the public junior colleges, public technical colleges, and public state colleges for each of the fiscal years 2000 and 2001 is hereby reduced and returned to the General Revenue Fund.

The Comptroller of Public Accounts, with the assistance of the Texas Higher Education Coordinating Board, shall calculate the amount of reductions to each individual institution based on the number of semester credit hours or contact hours of the students the who are exempt under the bill. The Comptroller shall make the reductions in appropriations no later than November 15, 1999 for fiscal year 2000 and no later than September 1, 2000 for fiscal year 2001.

SPECIAL PROVISIONS - JUDICIARY

Sec. 2. **Judicial Salary Enforcement.** Each District Court Judge and Justice of the Courts of Appeals shall file a sworn statement with the Comptroller of Public Accounts setting forth the yearly amounts to be received from state and county as salary payments during the ensuing fiscal year. Amended statements shall be filed setting forth any change in the salary rate which occurs during a fiscal year.

application fees assessed by the agency for industrial solid waste and hazardous waste facilities as authorized by Health and Safety Code, Section 361.137.

5. **Authorization: Water and Air Program Fee Rates and Revenue Appropriation.** To provide for the recovery of costs of processing applications, the following fee rate is established pursuant to Subchapter E, Chapter 316, Government Code, to be effective during the biennium covered by this Act.

The maximum rate for the fees authorized under Section 5.235(b) and Section 5.235(c), Water Code, shall be \$2,000.

The maximum rate for fees authorized under Section 382.062 of the Health and Safety Code shall be \$80,000.

This requirement shall be a part of any contract entered into by the department and contracting entities. Failure of a contracting party to provide full accounting of state funds expended under the terms of any contract under the conditions stated above shall be sufficient reason to terminate that contract and for the department to deny any future contracts to that contracting party.
3. **Housing Assistance.** The housing finance division shall adopt an annual goal to apply \$30,000,000 of the division's total housing funds toward housing assistance for individuals and families earning less than 30 percent of median family income. income is lower than the state average median family income, the department shall use the average state median income in interpreting this rider. The department shall provide a quarterly report to the Legislative Budget Board documenting its expenditures in each income category.

4. **Coordination with Texas Water Development Board.** The Texas Department of Housing and Community Affairs (TDHCA) and the Texas Water Development Board (TWDB) shall continue to coordinate funds as outlined in a Memorandum of Understanding (MOU) so as to assure that none of the funds appropriated above are expended in a manner that aids the proliferation of colonias or are otherwise used in a manner inconsistent with the intent of the Economically Distressed Areas Program (EDAP) operated by the Texas Water Development Board (TWDB); and maximize delivery of the funds and minimize administrative delay in their expenditure. The MOU shall be amended, if necessary, prior to the distribution of the Colonia Fund in fiscal years 2000 and 2001. In distributing funds out of the Colonia Fund, the TDHCA shall provide top funding priority to those projects that are in EDAP-funded areas and which assist colonia residents who cannot afford the cost of service lines, hook-ups, and plumbing improvements associated with being connected to an EDAP-funded system. None of the funds appropriated above for Strategy B.2.1., Development Projects Grants, may be expended in EDAP-eligible counties that have not adopted, or are not enforcing, the Model Subdivision Rules established pursuant to Section 16.343 of the Water Code. No later than September 15, 2000, the TDHCA and the TWDB shall submit a joint report to the Legislative Budget Board that describes and analyzes the effectiveness of projects funded as a result of coordinated Colonia Fund/EDAP efforts.

State Community Development Review Committee
Colonia Residents Advisory Committee

6. **Local Site Visits.** From monies appropriated above, when the Texas Department of Housing and Community Affairs receives a letter from the mayor or county judge of an affected city or county opposing an application for a federal tax incentive to develop rental housing, a site visit by an employee of the Texas Department of Housing and Community Affairs with the mayor or county judge shall take place within 30 days following notification. The site visit must occur before the incentive can be approved. The Texas Department of Housing and Community Affairs is authorized to obtain reimbursement from the applicant for a federal tax incentive for necessary travel and expenses at a rate not to exceed the federally authorized rate.

7. **Colonia Set-Aside Program Allocation.** The Texas Department of Housing and Community Affairs shall continue the Community Development Block Grant (CDBG) Colonia Set-Aside Program by allocating not less than 10 percent of the yearly allocation of CDBG funds for eligible activities to assist in providing for the housing, planning, and infrastructure needs in colonias. From this 10 percent yearly allocation, \$2,000,000 shall be reserved to provide financial assistance to units of general local government located in economically distressed areas as defined by Section 17.921, Water Code, to pay for residential service lines, hookups, and plumbing improvements associated with being connected to a water supply or sewer service system, any part of which is financed under the economically distressed areas program established under Subchapter J, Chapter 16, Water Code and Subchapter K, Chapter 17, Water Code. The department by rule shall provide that an application for assistance under the program hereby authorized may be submitted after construction of the water supply or sewer service system begins. The department shall approve or disapprove a timely application before construction of the water supply or sewer service is completed in order to eliminate delay in

connection once construction is completed. The department shall coordinate the application process with the Texas Water Development Board to avoid duplication of effort and the necessity for applicants to submit dual applications.

In addition, the department shall allocate 2.5 percent of the CDBG monies to support the operation of Self-Help Owner-Builder Housing Programs.

8. **Low/Moderate Income Housing Construction.** Out of the funds appropriated above, not less than \$500,000 each year of the biennium shall be expended on low/moderate income housing construction in enterprise zone areas.
9. **Low Income Assistance: Scoring Criteria.** It is the intent of the Legislature that the department add to its contract award scoring criteria for the construction, acquisition, or rehabilitation of single and multi-family housing, and for the operation of multi-family housing, a system that gives increased points for comprehensive services to low-income citizens, such as case management, home-buyer assistance, and family budgeting. The department is also encouraged to develop a sliding scale fee schedule for the low-income tax credit program and the 501c(3) bond program to encourage increased participation by non-profit entities such as community development housing organizations.
10. **Limitation on Expenditure.** Under Strategy A.1.4., Federal Tax Credits, no funds shall be used for processing or approving applications for allocations unless the department adopts or amends administrative rules containing the following:
 - a. All representations made by an applicant for an allocation are enforceable by the department, including enforcement by administrative penalties for failure to perform as stated in the representations and enforcement by inclusion in deed restrictions to which the department is a party.
 - b. The department shall inspect all construction for quality during the construction process while defects can reasonably be corrected.
 - c. A general contractor hired by an applicant or an applicant, if the applicant serves as general contractor, must demonstrate a history of constructing similar types of housing without the use of federal tax credits.
 - d. The department shall give notice of a proposed project to the state representative and senator representing the area where a project would be located. The state representative or senator may hold a community meeting at which the department shall provide appropriate representation.
 - e. The department shall allocate credits among as many different entities as practicable without diminishing the quality of the housing that is built.
11. **Appropriation: Manufactured Homeowner Consumer Claims.** In addition to appropriations in Goal E, Manufactured Housing, the Department of Housing and Community Affairs is appropriated an amount, not to exceed \$50,000 per year for the biennium, required for the purpose of paying manufactured housing consumer claims according to V.T.C.S., Art. 5221f, from title transaction fees involving manufactured housing collected and deposited in the General Revenue Fund during the 2000-01 biennium.
12. **Appropriations Limited to Revenue Collections.** It is the intent of the Legislature that fees, fines, and other miscellaneous revenues as authorized and generated by the agency cover, at a minimum, the cost of the appropriations made above for the strategy items in Goal E., Manufactured Housing, the cost of the appropriations required for manufactured housing consumer claims payments according to V.T.C.S., Art. 5221f, as well as the "other direct and

indirect costs” associated with this goal, appropriated elsewhere in this Act. “Other direct and indirect costs” for Goal E., Manufactured Housing, are estimated to be \$813,032 for fiscal year 2000 and \$842,308 for fiscal year 2001. In the event that actual and/or projected revenue collections are insufficient to offset the costs identified by this provision, the Legislative Budget Board may direct that the Comptroller of Public Accounts reduce the appropriation authority provided above to be within the amount of revenue expected to be available.

13. **Mortgage Revenue Bond Program.** The Department of Housing and Community Affairs (TDHCA) shall operate the First-Time Homebuyer Mortgage Revenue Bond Program in a manner that maximizes the creation of very low-income single family housing by ensuring that at least thirty percent of the lendable bond proceeds are set aside for a period of one year for individuals and families at sixty percent and below the area median family income (AMFI), while assuring the highest reasonable bond rating. In an effort to facilitate the origination of single family mortgage loans to individuals and families at sixty percent and below the AMFI, the department shall utilize down payment and closing cost assistance or other assistance methods.
14. **Conversions of Executory Contracts.** Out of the funds appropriated above, the department shall spend not less than \$4,000,000 for the biennium for the sole purpose of contract for deed conversions for families that reside in a colonia and earn 60 percent or less of the applicable area median family income. It is the intent of the Legislature that the department complete at least 400 contract for deed conversions by August 31, 2001.

If the State Office of Administrative Hearings determines that these amounts are insufficient to fund either of the named divisions or the Administrative License Revocation program, the State Office of Administrative Hearings may enter into negotiations with the agencies named above in order to renegotiate an interagency contract in a manner which will provide additional funds to the State Office of Administrative Hearings, provided that the State Office of Administrative Hearings shall not be appropriated any state funds from such renegotiated interagency contracts until the State Office of Administrative Hearings gives prior written notice to the Legislative Budget Board and the Governor, accompanied by written permission of the affected agency.

4. **Benefit Collection.** Those state of Texas agencies that enter into contracts with the State Office of Administrative Hearings (SOAH), for the purpose of performing the hearings function, and make payments to SOAH from funding sources other than general revenue, must reimburse SOAH for employee benefit costs for salaries and wages. 5. **Contingency Appropriation.** Contingent on the enactment of legislation by the Seventy-sixth Legislature transferring the hearings functions of other state agencies to the State Office of Administrative Hearings (SOAH), or otherwise expanding the jurisdiction of the office, SOAH is hereby authorized to expend funds transferred to the office from those agencies or funds appropriated for the purpose of handling the expanded jurisdiction, pursuant to provisions elsewhere in this Act. ARTICLE IX

PART 1. GENERAL PROVISIONS LEGISLATIVE INTENT

Sec. 9-1.01. **Limitations.** The provisions of this Article and all other Articles of this Act are limitations on the appropriations made by this Act. It is the purpose of the Legislature in enacting this bill only to appropriate funds and to restrict and limit by its provisions the amount and conditions under which the appropriations can be expended.

PART 2. PROVISIONS RELATING TO THE POSITION CLASSIFICATION PLAN

Sec. 9-2.01. **Position Classification Plan.** Except as otherwise specifically provided in this Act, expenditures of appropriations for the salaries of employees, in classified positions in all affected agencies appropriated funds by this Act, other than institutions of higher education, university system offices, the Texas Higher Education Coordinating Board, and the Texas National Research Laboratory Commission, are governed by Chapter 654, Government Code (the Position Classification Act), Chapter 659, Government Code, and this section, including the following lists of position classification numbers, position titles, salary group allocations, and rates of pay in classification salary schedules as provided by this Article. As used with respect to salary ranges, "minimum" means the lowest rate in a salary range; "midpoint" means the rate designated as Step 5 in Salary Schedule A; "midpoint" for Salary Schedule B may be determined by adding the minimum and maximum rates of a salary group and dividing the sum by two; and "maximum" means the highest rate designated in a salary range. With respect to Salary Schedule C, annual rates listed are actual salaries to be paid to employees in the applicable salary groups, except for ranges in C1 and C10 that allow for career development progressions as established by the agencies.

To be eligible, the employee must have information resource technical knowledge and experience which, if lost, would be difficult to replace and would severely jeopardize the timely completion of the Year 2000 project for the particular agency or institution of higher education.
- (c) Funds for the bonuses will be encumbered under rules and procedures established by the Comptroller and will be paid to the employee at the successful completion of the contract on May 31, 2000. Encumbered bonuses will also be paid to “critical employees” terminated by the agency or institution before the end of the contract for other than performance or disciplinary reasons. SALARY ADMINISTRATION AND OTHER EMPLOYMENT PROVISIONS (Continued)

Sec. 9-3.08. **Registered Nurses and Licensed Vocational Nurses.** Any state agency may pay an additional evening shift or night shift differential not to exceed 15 percent of the monthly pay rate to registered nurses or licensed vocational nurses who work the 3:00 p.m. to 11:00 p.m. shift, or its equivalent, or who work the 11:00 p.m. to 7:00 a.m. shift, or its equivalent. An additional weekend shift salary differential not to exceed five percent of the monthly pay rate may be paid to registered nurses and licensed vocational nurses. The weekend shift salary differential may be paid to an eligible individual in addition to the evening shift or night shift salary differential.

Sec. 9-3.09. **Information Technology Recruitment and Retention Bonuses.** To enhance the recruitment and retention of Information Technology employees, an agency or institution of higher education may pay a bonus of up to \$3,000 to an individual employed as a Systems Analyst, Network Specialist, Programmer, or Data Base Administrator if the employee remains with that agency or institution in an eligible position for 12 continuous months after the date of execution of a bonus contract. The lump sum amount will be included in the employee's paycheck the month after the end of the 12-month bonus period. Bonuses paid as provided by this section are specifically exempted from the salary cap.

PART 4. EMPLOYMENT POLICIES AND PROVISIONS

Sec. 9-4.01. **Method of Salary Payments.** All annual salaries appropriated by this Act are for full-time employment unless specifically designated as part-time. This section may not be construed to prevent the head of an agency from paying less than the maximum salary rate specified in this Act for a position, or the employment of a part-time employee to fill a regular position provided for in this Act, so long as the salary rate for such part-time employee is proportional to the regular rate for full-time employment.

Sec. 9-4.02. **Exception - Contracts Less Than 12 Months.** Facilities of the Texas Department of Mental Health and Mental Retardation in Article II, the Texas Youth Commission in Article V, or institutions of higher education or the schools for the blind or deaf in Article III of this Act that make contracts for less than a twelve-month period may pay salaries in equal monthly payments for the period of the contract.

Sec. 9-4.03. **Matching Retirement and Certain Insurance.** In each instance in which an operating fund or account is created and named by statute, the responsible officials of the state may transfer into the operating fund or account sufficient moneys from treasury funds, local, institutional, or federal funds to pay proportionally the costs of matching state employees' retirement contributions and the state's share of Old Age and Survivors Insurance.

Sec. 9-4.04. **Per Diem of Board or Commission Members.**

- (a) As authorized by Section 659.032, Government Code, the per diem of state board and commission members consists of:
 - (1) compensatory per diem, if specifically authorized by law, at \$30 per day;
 - (2) reimbursement of actual expenses for meals and lodging not to exceed \$95 per day when traveling within this state and reimbursement of actual expenses for meals and lodging when traveling outside of this state in an amount not to exceed the rates

EMPLOYMENT POLICIES AND PROVISIONS (Continued)

specified for a state employee under this Act; and

- (3) reimbursement of transportation and incidental expenses at the rates specified in this Act for state employees.
- (b) If a law enacted after former Article 6813f, V.T.C.S., (September 1, 1983), authorizes per diem for members of a particular state board or commission, but does not specify the amount of the per diem, then the amount of the per diem is the amount provided by Subsection (a).
- (c) The funds appropriated by this Act may not be expended to reimburse members of a state agency advisory committee for expenses associated with conducting committee business, including travel expenses, unless the expenditures for an advisory committee are:
 - (1) specifically authorized by this Act; or
 - (2) approved by the Governor and the Legislative Budget Board subsequent to the effective date of this Act.
 - (3) For the purpose of this subsection, the term “advisory committee” has the meaning assigned by Section 2110.001, Government Code.
 - (4) This subsection does not apply to an advisory committee established by the governing board of a retirement system trust fund.
- (d) An agency that has a “Schedule of Exempt Positions and Per Diem of Board (or Commission) Members” following the agency’s appropriations may expend appropriations for board or commission member compensatory per diem in an amount not to exceed the amount specified in the schedule for each respective fiscal year.
- (e) A full time employee paid from funds appropriated by this Act may not be paid both a salary and compensatory per diem for concurrent service as a state employee and as a board or commission member.

Sec. 9-4.05. **Political Aid and Legislative Influence Prohibited.** The moneys appropriated by this Act, regardless of source or character, may not be expended except in compliance with Chapter 556, Government Code.

Sec. 9-4.06. **Limitations on Use of Appropriated Funds.** Funds appropriated by this Act, other than those appropriated to an institution of higher education, may be expended only for items set out in the expenditure classifications of the Comptroller's Manual of Accounts insofar that an agency expending the appropriated funds has existing statutory authority for making the expenditures and the expenditures are not otherwise limited or prohibited in this Act.

PART 5. TRAVEL REGULATIONS

Sec. 9-5.01. **Travel Definitions.**

The definitions established by Section 660.002, Government Code, apply to Part 5 of this Article, unless another meaning is clearly provided. In Part 5 of this article:

TRAVEL REGULATIONS (Continued)

- (1) “Council of governments” includes:
 - (A) a council of governments created under Chapter 391, Local Government Code;
 - (B) a regional planning commission created under Chapter 391, Local Government Code; or
 - (C) a regional planning agency created under Chapter 391, Local Government Code.
- (2) “State agency” means a unit of state government, a council of governments, a local workforce development board, or a MHMR community center, that uses funds appropriated in this Act to pay for the transportation, meals, lodging, and other travel expenses of its employees.

Sec. 9-5.02. **General Travel Provisions.** The amounts appropriated in this Act to a state agency for the payment of transportation, meals, lodging, or incidental expenses is the maximum amount that may be expended by the agency. The moneys appropriated by this Act may not be expended for those expenses unless the travel and the resulting requests for payment or reimbursement comply with the conditions and limitations in this article and Chapter 660, Government Code, and the Comptroller’s Rules.

Sec. 9-5.03. **Failure to Comply.**

- (a) If the State Auditor determines that the travel for which payment was made out of appropriated funds is not in compliance with Section 660.030(b), Government Code, the State Auditor shall so certify to the Comptroller. The Comptroller shall reduce the appropriation of the agency that paid the travel expenses by an amount equal to the entire amount paid by the state for that individual for that travel occurrence.
- (b) The Comptroller shall prepare an annual report indicating the appropriation reductions, by agency, made pursuant to this section for the previous fiscal year. The Comptroller shall submit the report to the Legislative Budget Board not later than December 1.

Sec. 9-5.04. **Transportation Expenses.** For a state employee’s use of a personally owned or leased motor vehicle, the mileage reimbursement rate, for travel occurring during a fiscal year, equals the maximum fixed mileage allowance specified in the revenue rulings issued by the Internal Revenue Service under the federal income tax regulations as of August 1 preceding the start of the fiscal year. The mileage reimbursement rate may not be less than 25 cents per mile or more than 28 cents per mile. The Comptroller shall announce the mileage reimbursement rate for a fiscal year as soon as possible after August 1 of the preceding year.

Sec. 9-5.05. **Transportation in Personally Owned or Leased Aircraft.**

- (a) The rate of reimbursement to be paid to a key official, member of a board, commission, or a member of the Legislature for travel in the person’s personally owned or leased aircraft, either within or without the boundaries of this state, is:
 - (1) 40 cents per highway mile when traveling in single-engine aircraft;
 - (2) 55 cents per highway mile when traveling in twin-engine aircraft; and

TRAVEL REGULATIONS (Continued)

- (3) one dollar per highway mile when traveling in turbine-powered or other aircraft.
- (b) The rate of reimbursement for a state employee when the employee travels in the employee's personally owned or leased aircraft, either within or without the boundaries of this state, is:
 - (1) 40 cents per highway mile when traveling in single-engine aircraft; or
 - (2) 55 cents per highway mile when traveling in twin-engine, turbine-powered, or other aircraft.

Sec. 9-5.06. **Travel Meals and Lodging Expenses.**

- (a) A state employee who travels within this state shall be reimbursed for the actual cost of lodging and meals. However, the reimbursements may not exceed \$70.00 per day per location for lodging and \$25.00 per day for meals.
- (b) At the discretion of each head of agency, a state employee whose duties require the employee to travel outside the employee's designated headquarters without an overnight stay away from the employee's headquarters may be reimbursed for the actual cost of the employee's meals not to exceed \$25.00 per day.
- (c) A state employee who travels outside of this state but within the continental United States shall be reimbursed for the employee's actual expenses for lodging and meals. However, the reimbursement may not exceed the maximum out-of-state meals and lodging rates, based on the federal travel regulations, issued by the Comptroller unless the Comptroller determines, in advance of travel, that local conditions necessitate a change in the lodging rate for a particular location. If an employee travels to a location where an allowance has not been set by the Comptroller, the Comptroller shall establish a rate for that location.
- (d) A state employee may receive reimbursements for the employee's actual expenses for meals and lodging when traveling outside the continental United States.

Sec. 9-5.07. **Special Provisions Regarding Travel Expenses.** Reimbursement for meals and lodging as authorized by Subchapter H, Chapter 660, Government Code, on an "actual expenses" or "actual amount of" basis may not exceed twice the maximum rates specified in Section 9-5.06 of this article.

Sec. 9-5.08. **Passenger and Other Vehicular Equipment (excluding Aircraft).**

- (c) It is the intent of the Legislature that agencies authorized to purchase passenger vehicles or other general use ground transportation vehicles shall purchase economical, fuel efficient vehicles assembled in the United States of America when the purchase of such vehicles would have no significant detrimental effect on the public service being performed.

Sec. 9-5.09. **Aircraft.**

- (a) The purchase of aircraft may not be made from appropriated funds except as authorized in this section.

TRAVEL REGULATIONS (Continued)

- (d) Expenditure of appropriated funds for replacement of aircraft with aircraft of comparable quality may be made contingent upon approval of the State Aircraft Pooling Board and a finding of fact by the Governor that a report has been filed with the Governor showing that:
 - (1) the aircraft to be replaced has been destroyed or has deteriorated to an extent that continued operation presents a serious hazard or that the aircraft to be replaced can no longer meet the mission requirements of the principal user state agency; and
 - (2) other state-owned aircraft cannot be effectively utilized in lieu of a replacement aircraft.

- (e) Expenditures necessary to purchase liability insurance pursuant to Section 2205.045(a), Government Code, shall be made on a pro rata basis, as determined by the State Aircraft Pooling Board, from appropriations authorized to each agency operating a state-owned aircraft. - (f) All agencies using State Aircraft Pooling Board services shall reimburse the State Aircraft Pooling Board for providing services within 30 days from the date of billing.

- (g) Any reimbursements received by a state agency for authorized aircraft services rendered to another state agency are hereby reappropriated to the agency receiving the reimbursements, and shall be credited to the agency's appropriation item from which the cost of aircraft operation is paid.

Sec. 9-5.10. **Limitation on Travel Expenditures.**

- (a) (1) None of funds appropriated by this Act may be expended, without the prior approval of the Legislative Budget Board, for travel purposes if such expenditure would cause the agency's or institution's travel expenditures for that fiscal year to exceed an amount equal to one hundred (100) percent of that agency's or institution's fiscal year 1998 approved amount of travel expenditures including any excess travel expenditure amounts approved by waiver, except for the Texas Cosmetology Commission which is

TRAVEL REGULATIONS (Continued)

limited to ninety (90%) percent of 1997 expenditure levels.

- (2) The general limitations provided by this subsection apply in addition to the limits of any additional agency specific limitation.

- (b) The Legislative Budget Board may consider requests from agencies which demonstrate circumstances which would make such reductions in actual travel impractical or inefficient in accomplishing the goals and strategies contained in their appropriations pattern. Such circumstances may include: new or expanded programs, law enforcement, tax collection activities, statutorily mandated travel, or other pressing public purposes.

- (c) The Comptroller shall prescribe accounting procedures and reporting requirements to administer this section and to ensure that expenditures for travel by all state agencies and institutions of higher education are properly reported and monitored.

- (d)
 - (1) Upon notification by the Comptroller that a state agency or institution of higher education has exceeded the travel cap limit as specified in Subsection (a) of this Section for two consecutive fiscal years without the written approval of the Legislative Budget Board, the state agency or institution of higher education may not pay or reimburse with funds appropriated by this Act, a travel expense for out-of-state travel, conventions, conferences or seminars except as provided by this Subsection (d).

 - (2) The Comptroller may allow a state agency or institution of higher education to reimburse or pay a travel expense incurred by an employee on or after the date the agency or institution receives notice of its exceeding the limits if:
 - (A) the expense is incurred while the employee is returning to the employee's designated headquarters;

 - (B) the reimbursement or payment is necessary to prevent unreasonable hardship to the employee; or

 - (C) the expense is incurred while the employee is completing official state business that the agency or institution deems critical to fulfillment of the agency's or institution's constitutional or statutory duties.

 - (3) The Comptroller shall notify the Legislative Budget Board if the Comptroller allows such a payment or reimbursement. The notification must include the reason that the payment or reimbursement is allowed. The Legislative Budget Board may then direct the Comptroller to reduce the agency's or institution's appropriation by the amount of the payment or reimbursement if in the Legislative Budget Board's opinion the payment was the result of an agency failing to comply with the notification by the Comptroller.

- (e) All documents filed by an appointed officer under this section are public information. In this section, the term "public information" has the meaning provided by Chapter 552, Government Code.

- (f) In this section "appointed officer" includes all persons included under the definition provided by Chapter 572, Government Code, except that for the purposes of the definition of "appointed officer," the term "state agency" also includes a council of governments, a Local

TRAVEL REGULATIONS (Continued)

Workforce Development Board, or a Mental Health Mental Retardation community center that uses funds appropriated by this Act to pay for the transportation, meals, lodging, or other travel expenses of its employees or officials. For the purpose of this provision, the term "council of governments" shall include a council of governments, a regional planning commission, or similar regional planning agency created under Chapter 391, Local Government Code.

- (g) An appointed officer may not receive reimbursement from funds appropriated by this Act for expenses related to travel outside of the State of Texas before filing with the Texas Ethics Commission copies of all documents that will be submitted to the Comptroller and Legislative Budget Board in support of the travel expense claim.
- (h) Funds appropriated by this Act may not be used to pay expenses for travel to foreign countries, except for Canada or Mexico, unless the travel has been approved by the governor before departure. A copy of the governor's approval must be attached to each travel voucher. Not more than 10 days after the date of submission of a travel voucher to the Comptroller for reimbursement, the person submitting the voucher must also submit copies of the travel voucher and the governor's approval to the Legislative Budget Board.
- (i) In implementing this rider, state agencies shall review their travel policies in order to ensure that travel which is critical to the delivery of services consistent with the mission of the agency is not affected.

PART 6. GENERAL LIMITATIONS ON EXPENDITURES

Sec. 9-6.01. Definitions

In this Act:

- (a) "Earned federal funds" means all moneys received in connection with each entitlement period of a federally funded contract, grant, or program, excluding reimbursements under Section 9-8.02(c), which are not required by the governing agreement to be disbursed thereon. Typically, earned federal funds arise from recoveries of costs previously paid from a nonfederal fund source, indirect cost allocations, interest earned on federal funds, and minor sources such as the sale of fixed assets purchased with federal funds. Except for state agencies of higher education and their affiliated agencies, the expenditure of funds received or earned by a state agency is limited to the appropriation authority granted to the agency. Any such excess funds remaining at the end of the 2000-01 biennium for an agency shall be carried forward as a funding source available for appropriations of the subsequent 2002-03 biennium. A state agency or institution participating in federally funded or other programs, where indirect cost reimbursements are an allowable part of charges to the program, shall establish procedures to maximize the recovery of such costs.
- (b) "Unexpended balance" or the abbreviation "U.B." means the unobligated balance remaining in an appropriation, i.e., only that part of an appropriation, if any, that has not been set apart by the incurring of an obligation, commitment, or indebtedness by the state agency authorized to spend the appropriation. A reference in this Act to "unexpended balance" or "U.B." is a reference to the unobligated balance of an amount appropriated by this Act for the fiscal year ending August 31, 2000, unless another meaning is clearly indicated.

GENERAL LIMITATIONS ON EXPENDITURES (Continued)

Sec. 9-6.02. **Interpretation of Estimates.** In the event the amounts of federal funds, local funds, or funds other than appropriations from the General Revenue Fund, have been estimated in this Act in sums greater than are actually received by the respective agencies of the state, this Act may not be construed as appropriating additional funds from General Revenue to make up such differences. Wherever the language of this Act appropriates all receipts or balances from a specified source but uses an estimated amount to inform the Legislature and the public, the estimated figure is not to be construed as a limitation on the amount appropriated.

Sec. 9-6.03. **Emergency and Deficiency Grants out of Special Funds.** For the purposes of Sections 401.061 and 403.075, Government Code, appropriations to the Office of the Governor from "special funds" include excess revenues from General Revenue Fund-Dedicated accounts that were previously special funds above those estimated by the Comptroller in certifying this Act.

Sec. 9-6.04. **Excess Obligations Prohibited.**

- (a) A department or agency specified in this Act may not incur an obligation in excess of the amounts appropriated to it for the respective objects or purposes named.
- (b) As a specific exception to Subsection (a) the General Services Commission may determine that a proposed installment purchase arrangement is cost effective and certify this finding in response to an agency request.
- (c) A determination made by the General Services Commission under Subsection (b) may be made for obligations incurred for the purchase or lease of automated information system equipment only if the department or agency has on file with the Department of Information Resources a Biennial Operating Plan, including any amendments to the Biennial Operating Plan, and the plan has been approved by the Department of Information Resources.
- (d) If this section is violated, the State Auditor shall certify the fact of the violation and the amount of over-obligation to the Comptroller, and the Comptroller shall deduct an amount equivalent to the over-obligation from the salary or other compensation due the responsible disbursing or requisitioning officer or employee, and apply the amount to the payment of the obligation.
- (e) This provision is specified pursuant to Section 10, Article XVI, Texas Constitution.

Sec. 9-6.05. **Interpretation of Legislative Intent.** Funds appropriated by this Act shall be expended, as nearly as practicable, for the purposes for which appropriated. In the event a department or agency cannot determine legislative purpose from the pattern of appropriations, the department or agency shall seek to determine that purpose from the proceedings of the legislative committees responsible for proposing appropriations for this state.

Sec. 9-6.06. **Comptroller's Duty to Pay.** The Comptroller may not refuse to pass for payment a legal claim, factually justified, for which a valid appropriation has been made.

Sec. 9-6.07. **Last Quarter Expenditures.**

- (a) A state agency, board, commission, department or other governmental unit using funds appropriated by this Act may not expend during the last quarter of a fiscal year more than one-third of the funds appropriated for that fiscal year.

GENERAL LIMITATIONS ON EXPENDITURES
(Continued)

- (b) Specifically exempted from Subsection (a) are:
- (1) expenditures contracted for in previous quarters;
 - (2) funds required by statute, rule or regulation to be expended on a different time frame;
 - (3) seasonal employment of personnel;
 - (4) construction contracts;
 - (5) contracts dealing with purchases of food, medicines, or drugs;
 - (6) expenditures related to the Chronically Ill and Disabled Children's program operated by the Texas Department of Health; and
 - (7) expenditures occasioned by disaster or other Act of God.
- (c) The funds exempted, under Subsection (b) may not be considered in the computation of the total funds appropriated in a fiscal year for the purpose of applying Subsection (a).

Sec. 9-6.08. Appropriation Transfers.

- (a) Subject to any specific restriction in another provision of this Act, an appropriation contained in this Act may be transferred from one appropriation item to another appropriation item in an amount not to exceed 25 percent of the appropriation item from which the transfer is made for the fiscal year, at the discretion of the chief administrative officer of the agency, department, or institution.
- (b) As a specific exception to Subsection (a), funds appropriated for capital budget items are subject to restrictions contained elsewhere in this Act.
- (c) Funds appropriated by this Act in items of appropriation that are part of a Goal for "Indirect Administrative and Support Costs" or "Indirect Administration" may also be transferred from one appropriation item to another appropriation item within that same Goal without limitation as to the amount of such a transfer.
- (d) Appropriations made by this Act to each state agency or institution of higher education are not subject to transfer between agencies or institutions except under the provisions of interagency contract, budget execution statutes, or specific rider or statutory authorization.

Sec. 9-6.09. Transfers for Contract Services. Funds appropriated in the various articles of this Act for "Employees Retirement System," "Social Security State Match," and "Benefit Replacement Pay" may be transferred between articles for similar appropriation items for the purpose of paying employee benefits costs incurred by higher education institutions when those institutions have contracted to provide services to state agencies.

Sec. 9-6.10. Employee Benefit and Debt Service Items.

- (a) Funds appropriated in the various articles of this Act for "Employees Retirement System," "Social Security State Match," "Benefit Replacement Pay," "Texas Public Finance Authority-G.O. Bond Debt Service Payments," and "Lease-Payments to the Texas Public

GENERAL LIMITATIONS ON EXPENDITURES

Finance Authority” may be transferred between articles to a like appropriation item without limitation as to the amount of such transfer.

- (b) An agency to which an appropriation listed under Subsection (a) is made may pool such appropriations, made in the various articles for a common purpose, into a single cost pool for the purpose of administering the appropriation.

Sec. 9-6.11. Salaries to be Proportional by Fund.

- (a) Unless otherwise provided, payment for salaries, wages, and benefits paid from appropriated funds, including “local funds” and “education and general funds” as defined in Sections 51.009 (a) and (c), Education Code, shall be proportional to the source of funds.
- (b) Unless otherwise specifically authorized by this Act, the funds appropriated by this Act out of the General Revenue Fund may not be expended for employee benefit costs, or other indirect costs, associated with the payment of salaries or wages, if the salaries or wages are paid from a source other than the General Revenue Fund. Payments for employee benefit costs for salaries and wages paid from sources, including payments received pursuant to interagency agreements or as contract receipts, other than the General Revenue Fund shall be made in proportion to the source of funds from which the respective salary or wage is paid or, if the Comptroller determines that achieving proportionality at the time the payment is made would be impractical or inefficient, then the General Revenue Fund shall be reimbursed for any such payment made out of the General Revenue Fund.
- (c) The Comptroller shall develop rules to provide for the administration of this section.
- (d) Each agency or institution of higher education having General Revenue Fund appropriations and other sources of financing shall file with the Comptroller and the State Auditor a schedule demonstrating proportionality. The schedule shall be filed before November 20th following the close of the fiscal year for the salaries, wages, and benefits of the preceding year ended August 31. The schedule shall be in a format prescribed by the Comptroller. The State Auditor shall review (in the State Auditor’s audit of respective agencies) the agencies’ compliance with this section. The Comptroller, on receipt of notification from the State Auditor of amounts disproportionately paid from General Revenue Fund appropriations, shall reduce current year General Revenue Fund appropriations of the agency or institution until such time as such amounts are repaid from sources other than the General Revenue Fund.

Sec. 9-6.12. Appropriations from Special Funds.

- (a) Notwithstanding other provisions of this Act, appropriation amounts from special funds or special accounts in the General Revenue Fund are specifically limited to amounts not to exceed the actual balances and revenues available to each such fund or account.
- (b) In order to preserve cash balances in the state treasury, the Comptroller may prescribe rules and procedures as may be necessary to limit or control expenditures or transfers from funds appropriated by this Act. These procedures may include rules relating to the deposit of receipts and issuance of warrants.

Sec. 9-6.13. Limitation on Grants to Units of Local Government.

- (a) The funds appropriated by this Act may not be expended in the form of a grant to, or a

GENERAL LIMITATIONS ON EXPENDITURES (Continued)

contract with, a unit of local government unless the terms of the grant or contract require that the funds received under the grant or contract will be expended subject to limitations and reporting requirements similar to those provided by Section 33, Article IX, General Appropriations Act, Seventy-fifth Legislature, Regular Session, 1997.

- (b) In this section, “unit of local government” means:
- (1) a council of governments, a regional planning commission, or a similar regional planning agency created under Chapter 391, Local Government Code;
 - (2) a local workforce development board; or
 - (3) a MHMR community center.

Sec. 9-6.14. **Limitation on State Employment Levels.**

- (b) A request to exceed the FTE limitation established by this section must be submitted by the governing board of the agency and must include at a minimum:
- (1) the date on which the board approved the request;

 - (3) the source of funds to be used to pay the salaries; and

 - (3) shall not include overtime hours; and
 - (4) shall include a position filled by temporary or contract workers for more than half of

GENERAL LIMITATIONS ON EXPENDITURES
(Continued)

the work days of the year preceding the final day of the reporting period. Temporary or contract workers shall include workers employed under contract to fill specific positions customarily filled by state employees. The State Auditor is authorized to provide interpretations of this provision.

- (d) This section shall not apply to appropriations made by this Act to the:
- (1) appellate courts;
 - (2) Office of the Governor; or
 - (3) Comptroller of Public Accounts when that agency has determined by a cost/benefit analysis that an outsourcing or contracting arrangement provides savings to this State.
- (e) If the Texas Food and Fibers Commission, Texas Engineering Extension Service, Texas Agricultural Extension Service, Texas Forest Service, Texas Veterinary Medical Diagnostic Laboratory, or Texas Wildlife Damage Management Service should be shown in this Act with an "FTE - Appropriated Funds" and an "FTE - Total," the FTE limitation established by Subsection (a) shall be the "FTE - Appropriated Funds" figure.

- (b) A request to exceed the FTE limitation established by this section must be submitted by the governing board of the institution and must include at a minimum:
- (1) the date on which the board approved the request;
 - (2) a statement justifying the need to exceed the limitation;
 - (3) the source of funds to be used to pay the salaries; and

Sec. 9-6.16. **Audits.**

- (a) None of the appropriations made by this Act shall be used to employ any firm or person to audit the books of any department, board, commission, institution, or state agency, this being the duty of the State Auditor; provided, however, that in any instance where the funds available to the State Auditor are not, in the State Auditor's judgment, sufficient for any requested or contemplated audit, the department head or heads having authority to disburse the appropriations made by this Act may direct the Comptroller to transfer from any appropriations to the appropriation made for the State Auditor the amount, which in the judgment of the State Auditor, is necessary for the purpose of making such audit.
- (b) Any amount transferred to the State Auditor as provided by Subsection (a) shall be used for the actual costs of the specified audit, and any balances of such funds remaining at the end of any fiscal year are hereby appropriated to the State Auditor for the purpose of completing the audit for which the funds were transferred. On the completion of any such audits any excess funds remaining shall be transferred by the State Auditor back to the department, board, commission, institution or agency from which transferred.

Sec. 9-6.17. **Purchases of Postage.**

 - (1) essential to accomplish or achieve a strategy or outcome target established by this Act; or
 - (2) required by law.
- (b) Any moneys received and collected from any charges specifically authorized by statute for the publications or records are hereby appropriated to the department or agency issuing the publications for use during the year in which the receipts are collected. The Comptroller shall credit such receipts to the like appropriation item from which the original costs are paid.

Sec. 9-6.19. Distribution of Reports.

- (a) Funds appropriated by this Act may not be expended for the purpose of distributing reports, pamphlets, or other printed matter to members of the Legislature or other state officials unless the agency receiving the appropriation:

 - (2) sends notification to the members of the Legislature and other state officials that the material is on file and upon request of the person notified the agency mails the number of copies requested.
- (b) Subsection (a) does not prevent the mailing of reports required by general law or by this Act.
- (c) Required reports and minutes of board meetings shall be made available to members of the Legislature and legislative branch agencies in an electronic format as established by the Texas Legislative Council.
- (d) None of the funds appropriated by this Act shall be used to produce any reports or other publications which have been reproduced on enamel-coated, cast-coated or dull-coated stock, unless a fee is charged.

Sec. 9-6.20. Limitation on Expenditures - Capital Budget.

- (a) Contained in appropriations made to certain agencies by this Act are amounts identified as the "Capital Budget." None of the funds appropriated by this Act, in excess of an amount equal to 25 percent of appropriations restricted to capital budget purposes may be expended, in addition to the amounts restricted for capital budget purposes, for purposes included within the definition of capital budget under Subsection (d), without the prior approval of the Governor and Legislative Budget Board.

GENERAL LIMITATIONS ON EXPENDITURES
(Continued)

- (b) A request for approval to exceed the limitation on capital budget expenditures must be submitted by the agency's governing board and must include at a minimum:
 - (1) the date on which the board approved the request;
 - (2) a statement justifying the need to exceed the limitation;
 - (3) the source of funds to be used to make the purchases; and
 - (4) an explanation as to why such expenditures cannot be deferred.

- (c) This restriction does not apply to:
 - (1) expenditures for capital outlay items that are not included in the definition of "Capital Budget" under Subsection (d); or
 - (2) expenditures for Capital Budget purposes made by:
 - (A) institutions of higher education;
 - (B) public community/junior colleges; or
 - (C) appellate courts.

- (d) "Capital Budget" includes expenditures, for assets with a project cost or unit cost in excess of \$25,000, within the following categories:
 - (1) Acquisition of Land and Other Real Property (except for right-of-way purchases made by the Texas Department of Transportation);
 - (2) Construction of Buildings and Facilities;
 - (3) Repairs or Rehabilitation of Buildings and Facilities;
 - (4) Construction of Roads (except for such expenditures made by the Texas Department of Transportation);
 - (5) Acquisition of Information Resource Technologies;
 - (6) Transportation Items;
 - (7) Acquisition of Capital Equipment and Items; or
 - (8) Other Lease Payments to the Master Lease Purchase Program (for items acquired prior to September 1, 1999 only).

- (e) Any expenditure directly related to acquisition of an asset, or to placing an asset in service, may be paid from the appropriation made to the "Capital Budget."

- (f) In implementing this section, the Comptroller should refer to the detailed instructions for preparing and submitting requests for legislative appropriations for the biennium beginning September 1, 1999, and the definitions therein, and to the official request for legislative appropriations submitted by the affected agency.

GENERAL LIMITATIONS ON EXPENDITURES (Continued)

- (g) Appropriations restricted to capital budget purposes and not identified in a “Capital Budget” as being for lease payments to the master lease purchase program (MLPP) or for other lease-purchase payments may be utilized to make lease payments under MLPP or for other lease or installment payments only if the agency to which the appropriation is made provides a report to the Comptroller specifying the sum of the lease payments to be made during the biennium for the Capital Budget item being acquired. The Comptroller shall reduce the appropriation made by this Act for the Capital Budget item in an amount equal to the difference between the appropriated amount and the sum of the lease payments for the biennium and deposit that amount into the unappropriated balance of the original funding source. In the event that the Comptroller cannot determine the amount appropriated for a specific Capital Budget item, the amount shall be determined by the Legislative Budget Board.
- (h) Funds restricted to “Acquisition of Information Resource Technologies” may also be used to purchase or contract for computer time, facility resources, maintenance, and training.
- (i) Appropriations restricted to capital budget purposes may be transferred from one capital budget item to another capital budget item in amounts not to exceed 25 percent of the capital budget item from which funds are being transferred for the fiscal year.
- (j) Any unexpended balances remaining in appropriations made by this Act for capital budget purposes for fiscal year 2000 are hereby reappropriated for fiscal year 2001 for the same purpose.
- (k) For an agency that does not have a Capital Budget provision following its items of appropriation in this Act, the amount of “appropriations restricted to capital budget purposes” is zero for the purpose of calculating the limitation on capital budget expenditures under Subsection (a).

Sec. 9-6.21. **Purchases of Information Resource Technologies.**

- (a) In this section:
 - (1) “DIR” means the Department of Information Resources.
 - (2) "Information resources" means the procedures, equipment, and software that are employed, designed, built, operated, and maintained to collect, record, process, store, retrieve, display, and transmit information, and associated personnel including consultants and contractors.

 - (4) “Quality Assurance Team” and “QAT” means the representatives of the Department of Information Resources (or the Legislative Budget Board, pursuant to an interagency contract) and the State Auditor.
- (b) Each state agency appropriated funds in this Act shall submit an agency strategic plan, in accordance with Sections 2054.095 and 2054.096 of the Government Code, to the DIR (or the Legislative Budget Board, pursuant to an interagency contract) for approval no later than

GENERAL LIMITATIONS ON EXPENDITURES (Continued)

the date provided by law. It is further provided that no state agency may request appropriations for information technology unless the information technology is in a plan approved by the Legislative Budget Board.

- (c) By no later than November 1, 1999, DIR (or the Legislative Budget Board, pursuant to an interagency contract) shall update the state strategic plan, consistent with Sections 2054.091 and 2054.092, Government Code, for the management of information resources. The state strategic plan must be a visionary road map for the management of the state's information resources. The state strategic plan must provide a strategic direction for the management of information resources for the five fiscal years following adoption of the plan.
- (d) Prior to amending a contract for development of a major information technology project, when the amendment constitutes a 10% or greater change, the agency shall notify the Governor, Lieutenant Governor, Speaker of the House, Senate Finance Committee, House Appropriations Committee, Department of Information Resources and the Quality Assurance Team (QAT). An amendment to a contract is not valid without QAT approval for contracts in excess of \$1.0 million that change by more than 10%.
- (e) Institutions of higher education shall coordinate the use of information technologies between institutions in order to provide education, research, and community service.

Sec. 9-6.22. **Quality Assurance Review of Major Information Resources Projects.**

- (a) In this section:
 - (1) "Major information resources project" means an information resources technology project identified in an agency operating plan whose development costs are over \$1.0 million and includes one or more of the following:
 - (A) requires a year or more to reach operational status;

 - (2) "Quality Assurance Team" or "QAT" means the representatives of the Department of Information Resources (or the Legislative Budget Board, pursuant to an interagency contract) and the State Auditor who execute duties as provided by this section.
- (b) A state agency may not expend appropriated funds for a major information resources project unless the project has been reviewed and approved by the Quality Assurance Team. The Quality Assurance Team shall determine approval based on an analysis of the project's risk. The Quality Assurance Team may request any information necessary to determine a project's potential risk. The Quality Assurance Team may waive the project review requirements for a project.
- (c) The Quality Assurance Team may require independent project monitoring, project status reporting, project expenditure reporting, or any additional information necessary to assess a project's on-going potential for success. After a project has been completed, the Quality Assurance Team may also require an agency to submit a project post-implementation evaluation report to determine if the project met its planned objectives.

GENERAL LIMITATIONS ON EXPENDITURES
(Continued)

- (d) The State Auditor's Office shall provide audit and review of the projects and the information provided by the agencies.
- (e) The Quality Assurance Team may request the assistance of the Legislative Budget Board and Comptroller in regard to the accuracy of project expenditures and compliance with this Act.
- (f) The Quality Assurance Team shall provide an annual report to the Governor, Lieutenant Governor, Speaker of the House, the House Appropriations Committee, and Senate Finance Committee on the status of projects under its review by December 1.
- (g) The State Auditor may:
 - (1) provide an independent evaluation of the post implementation evaluation review process to ensure the validity of its results; and
 - (2) send the evaluation to the Legislative Audit Committee.
- (h) The Department of Information Resources (or the Legislative Budget Board, pursuant to an interagency contract) may issue guidelines and rules for software development, quality assurance and the review of major information resources projects.
- (i) Unless waived by the Department of Information Resources (or the Legislative Budget Board, pursuant to an interagency contract), the Quality Assurance Team shall require each affected agency to:
 - (1) quantitatively define the expected outcomes and outputs for each major information resource project at the outset;
 - (2) monitor cost; and
 - (3) evaluate the final results to determine whether expectations have been met.

Sec. 9-6.23. West Texas Disaster Recovery and Operations Data Center.

- (a) In this section:
 - (1) "DIR" means the Department of Information Resources.
 - (2) "Center" means the West Texas Disaster Recovery and Operations Center.
- (b) The DIR shall operate, or through cooperative agreement, manage operations of a disaster recovery and operations data center on the campus of Angelo State University. It is the intent of the Legislature that all state agencies and institutions of higher education utilize the Center for testing disaster recovery plans, for disaster recovery services, and for data center operations. None of the funds appropriated by this Act may be expended for entering into or renewing contracts or issuing purchase orders for disaster recovery plan testing services or disaster recovery services or data center operations from other state agencies or other providers of these services without first obtaining a waiver from the DIR (or the Legislative Budget Board, pursuant to an interagency contract) certifying that the requested service requirements cannot be provided at reasonable costs through the Center. Waiver requests will be evaluated by the DIR (or the Legislative Budget Board, pursuant to an interagency contract) based on best value to this State.

GENERAL LIMITATIONS ON EXPENDITURES (Continued)

Agencies and institutions of higher education should use the State Auditor's Report 95-139 in evaluating reasonable costs. The DIR (or the Legislative Budget Board, pursuant to an interagency contract) may request assistance from the State Auditor's Office in validating cost evaluations. Waivers may be granted for specific periods of time and any contracts for services obtained under waiver may not extend beyond the expiration date of the waiver.

- (c) State agencies and institutions of higher education that use the Center shall do so under contract with the DIR. The DIR may collect fees for these services in amounts that offset the direct and indirect costs of providing the services. The DIR may request assistance from the State Auditor regarding the billing system formula for offsetting service costs. The DIR shall work with the State Council on Competitive Government on issues concerning state data center consolidations and provide information relating to the use of the Center as a location for one of the state's consolidated data centers.

Sec. 9-6.24. **Construction Policy.** A state entity receiving an appropriation under this Act may not establish a rule or policy that is inconsistent with the legislative intent that funds appropriated by this Act for construction projects be expended only pursuant to state entity policies that provide the greatest competitive advantage to the state allowable under Chapter 2258, Government Code.

Sec. 9-6.25. **Limitation on Use of Funds for Personal Residences.**

- (a) Out of appropriations made by this Act, expenditures exceeding an aggregate amount of \$25,000 for the biennium beginning on September 1, 1999, may not be made for purchasing, remodeling, or repairing of a personal residence or living quarters unless the expenditures are:
 - (1) (A) required by court order;
 - (B) will result in increased safety, significant net cost savings, or prevention of substantial waste; or
 - (C) are specifically identified in a Capital Budget in this Act; and
- (2) the Governor and Legislative Budget Board have approved the expenditure under authority granted pursuant to Article XVI, Section 69, Texas Constitution.
- (b) In the event of an emergency or if the Legislative Budget Board fails to meet before the 30th day following the date of the request, the Director of the Legislative Budget Board, after consultation with the Board members, may take action in conjunction with the Governor on the request.
- (c) The General Services Commission shall report all expenditures exceeding an aggregate amount of \$25,000 for the biennium for purchasing, remodeling, or repairing a personal residence or living quarters to the Legislative Budget Board.

Sec. 9-6.26. **Contracts for Professional Services: Indemnification.** In contracting for professional services under Subchapter A, Chapter 2254, Government Code (the Professional Services Procurement Act) using funds appropriated under this Act, a state agency may require the contractor to indemnify or hold harmless the state from claims and liabilities resulting from the negligent errors, omissions, or acts of the contractor or persons employed by the contractor. A state agency may not include contractual provisions requiring a contractor to indemnify or hold harmless the agency for

GENERAL LIMITATIONS ON EXPENDITURES (Continued)

damages arising from the negligent acts of the agency or the agency's employees.

Sec. 9-6.27. **Limitation on Contracts with Previous Employees.**

- (a) None of the funds appropriated by this Act may be used to enter into a contract for consulting or professional services or into an employment contract, with any individual who has been previously employed by the department or agency within the past twelve months. For the purpose of this section, the term "employment contract" shall include a personal services contract regardless of whether the performance of such a contract involves the traditional relationship of employer and employee.
- (b) This section does not apply to teachers and other similar professionals customarily or traditionally employed by state agencies by means of an employment contract.

Sec. 9-6.28. **Contracting for In-State Services.** In contracting for professional services using funds appropriated by this Act, a state agency shall require the contractor to purchase products and materials produced in Texas when they are available at a comparable price and in a comparable period of time.

Sec. 9-6.29. **Grant Restriction.** Funds appropriated by this Act may not be expended for a grant to a law enforcement agency regulated by Chapter 415, Government Code, unless:

- (1) the law enforcement agency requesting the grant is in compliance with all rules developed by the Commission on Law Enforcement Officer Standards and Education pursuant to Chapter 415, Government Code; or
- (2) the Commission on Law Enforcement Officer Standards and Education certifies that the requesting agency is in the process of achieving compliance with such rules.

Sec. 9-6.30. **Listing of Bidders.** None of the funds appropriated by this Act shall be expended for the development or maintenance of a bidders list other than a central list authorized to be maintained by the General Services Commission under provisions of the State Purchasing and General Services Act. The limitation created by this section shall not apply to institutions of higher education or to the Texas Department of Transportation. However, it is the intent of the Legislature that institutions of higher education utilize the commission's central bidders list whenever possible.

Sec. 9-6.31. **Expenditures for State-Federal Relations.**

- (a) Funds appropriated by this Act may not be spent by a state agency to carry on functions for which funds have been appropriated to the Office of State-Federal Relations to perform except when an interagency contract has been executed between the Office of State-Federal Relations and the state agency.
- (b) Prior to travel to Washington, D.C., state agency personnel shall inform the Office of State-Federal Relations regarding:
 - (1) the timing of the trip;
 - (2) the purpose of the trip; and
 - (3) the name of a contact person for additional information.

GENERAL LIMITATIONS ON EXPENDITURES

(Continued)

Sec. 9-6.32. **Research Policy.**

- (a) An agency may not expend any funds appropriated by this Act for research projects of any type until the agency has adopted and filed with the Legislative Budget Board a policy that clearly establishes and protects the property rights of the state with regard to any patentable product, process, or idea that might result from such research.
- (b) In order to avoid duplication, a state agency, excluding an institution of higher education, may not expend funds appropriated by this Act to conduct or support policy research on a subject within the statutory jurisdiction of another agency without providing prior written notification, to the agency that has the statutory jurisdiction, concerning a work plan and the coordination of resources.

Sec. 9-6.33. **Court Representation and Outside Legal Counsel.**

- (a) Except as otherwise provided by the Constitution or general or special statutes, the Attorney General shall have the primary duty of representing the State in the trial of civil cases. Prior to expenditure of funds for retaining outside legal counsel, agencies or departments other than those included in Article X of this Act shall request the Attorney General to perform such services. If the Attorney General determines that outside counsel is in the best interest of the State, the Attorney General shall so certify to the Comptroller and to the requesting agency which may then utilize appropriated funds to retain outside counsel. However, funds appropriated by this Act may not be used to contract with an attorney who represents clients before the agency or who has, during a six month period preceding the initiative of the contract and a six month period following the termination of the contract, represented clients before the agency. An agency may not initiate the process of selecting outside legal counsel prior to receiving the approval of the Attorney General to retain outside counsel.
- (b) Funds appropriated in this Act may not be expended by any agency of the state government (other than those included in Article X of this Act) to initiate a civil suit or defend itself against a legal action without the consent of the Attorney General. Absent this consent, the agency shall be represented in that particular action by the Attorney General.
- (c) On receipt of a request for outside counsel, the Attorney General shall make a determination on the request as expeditiously as possible, but in no event later than 10 working days after receiving such request.
- (d) Where the Attorney General, district attorney, criminal district attorney, county attorney, or other lawyer is required by constitutional or statutory provision to represent a state agency, state official, state board, or state department, compensation may not be paid from any appropriation made in this Act to any other attorney for representing the State in the trial of a civil suit except in those cases where the Attorney General consents to such representation or the district attorney, criminal district attorney, county attorney, or other lawyer has requested that the attorneys employed by the particular state agency, state official, state department, or state board assist with the trial of the particular civil suit.
- (e) This section does not restrict a state agency, state official, state department, or state board in the investigation and assembling of evidence in connection with a pending or prospective civil suit. This section does not prohibit the foregoing state officials, state agencies, state boards, or state departments and their employees from investigating, filing, or presenting to any person a claim, owing to the State.

GENERAL LIMITATIONS ON EXPENDITURES
(Continued)

- (f) This section does not restrict the Attorney General from employing special assistants to assist in the trial of civil suits to be paid from the appropriations therefore made to the Attorney General.
- (g) If a state agency requests the Attorney General to take legal action in court against another state agency, the Attorney General shall give special consideration to permitting one of the agencies to employ, from the permitted agency's funds, outside counsel to represent that agency in that action, in order to avoid a conflict of interest by the Attorney General in the representation of both agencies.
- (h) If the Attorney General initiates legal action against another state agency on behalf of the Attorney General rather than another agency, the Legislature determines that a conflict of interest exists and the agency against which the Attorney General takes action may expend appropriated funds for outside legal counsel to represent that agency without the prior approval or consent of the Attorney General.
- (i) Subsections (a) - (h) do not apply to funds appropriated to:
 - (1) the Office of the Governor;
 - (2) Comptroller;
 - (3) Department of Agriculture;
 - (4) General Land Office and Veteran's Land Board; or
 - (5) the Railroad Commission of Texas.
- (j) The funds appropriated by this Act may not be expended to pay the legal fees or expenses of a lawyer or law firm that represents the State or any of its agencies in a contested matter if the lawyer or law firm is representing a plaintiff in a proceeding seeking monetary damages from the State or any of its agencies.
- (k)
 - (1) None of the money appropriated by this Act may be expended by a state governmental entity for payment of legal fees or expenses under a contingent fee contract for legal services without the prior approval of the Legislative Budget Board in accordance with Article XVI, Section 69, Texas Constitution.
 - (2) For purposes of this section, "state government entity" means a board, commission, department, office, or other agency in the executive branch of state government created under the constitution or a statute, including an institution of higher education.
 - (3) This section applies to all contingent fee contracts for legal services entered into by a state governmental entity, including legal services related to a parens patriae action or proceeding brought by a state governmental entity in the name of the state, except that this section does not apply to a contingent fee contract:
 - (A) for legal services performed for a state governmental entity in relation to the entity's actions as a receiver, special deputy receiver, liquidator, or liquidating agent in connection with the administration of the assets of an insolvent entity,

GENERAL LIMITATIONS ON EXPENDITURES

including actions under Article 21.28, Insurance Code, or Chapter 36, 66, 96, or 126, Finance Code; or

(B) under which recoveries from more than one entity are contemplated and the expected amount of each recovery and the actual amount of each recovery do not exceed \$100,000.

(I) Any litigation that results in settlement, court order or other arrangement providing revenues or financial benefits to the State of Texas shall be structured to require the entire amount due to be paid to the treasury.

Sec. 9-6.34. Judgments.

(a) The funds appropriated by this Act, including appropriations made in Article X of the Act, may not be expended for payment of a judgment or settlement prosecuted by or defended by the Attorney General and obtained against the State or a state agency, except:

(1) pursuant to this section; or

(2) where it is specifically provided in an item of appropriation that the funds thereby appropriated or expenditures therein authorized may be used for the payment of such judgments.

(b) The authorization provided by this subsection does not apply in those cases where the judgment order of the trial court was entered, or a settlement agreement was executed, prior to September 1, 1995. State agencies appropriated funds by this Act may expend funds appropriated elsewhere in this Act for the purposes of paying settlements and judgments against the state for causes brought in a federal court or a court in this state under specific statutory authority. Payments made pursuant to this subsection are subject to the following processes and limitations:

(1) such funds are to be paid out by the Comptroller on vouchers drawn by the agency settling the lawsuit or paying the judgment, subject to the approval of the Governor and of the Attorney General according to Subsection (d);

(2) for purposes of this subsection, "judgment" means a judgment order rendered in a federal court or a court in this state of competent jurisdiction for which an appeal or rehearing, or application therefor, is not pending and for which the time limitations for appeal or rehearing have expired;

(3) the payment of a settlement or judgment may not exceed \$250,000;

(4) the payment of the settlement or judgment would not cause the total amount of payments made by the payer agency for that fiscal year to exceed 10 percent of the total amount of funds available for expenditure by that agency for that fiscal year; and

(5) the payment of a settlement or judgment may be made only with a complete release from any and all related claims and causes against the State, and in the case of a judgment, the payment may be made only in full satisfaction of that judgment.

(c) A state agency shall report a claim for property damage to the Attorney General not later

GENERAL LIMITATIONS ON EXPENDITURES (Continued)

than the second working day after the date the agency receives the claim. A state agency shall prepare a voucher for payment of a claim not later than the 10th working day after the date an agreement to settle the claim has been reached.

- (d) At least one-half of any amounts appropriated by an Act of any session of the Legislature subsequent to the 74th Legislature, Regular Session, in settlement of a judgment or in settlement of a cause of action brought against the State, shall be transferred from amounts appropriated to the involved agency for that fiscal year. The transfer requirement established by this subsection may be waived either in whole or in part by the Legislative Budget Board.
- (e) Payment of all judgments and settlements prosecuted by or defended by the Attorney General is subject to approval of the Attorney General as to form, content, and amount, and certification by the Attorney General that payment of the judgment or settlement is a legally enforceable obligation of the State. This subsection applies equally to funds appropriated for expenditure through the state treasury, as well as funds appropriated for expenditure from funds held in local banks.
- (f) The Attorney General shall report to the Legislative Budget Board and the Governor's Office of Budget and Planning not less than monthly, a listing of all settlements and judgments of more than \$5,000 submitted to the Comptroller for payment. The document for publication shall contain at least the following information unless all or part of the information is exempt by court order or Chapter 552, Government Code, (the Open Records Act):
 - (1) a summary of the cause of action;
 - (2) a summary of the terms of the settlement;
 - (3) the style of the case;
 - (4) the name and business address of each attorney representing the opposing litigants at the time of the settlement;
 - (5) the amount of the judgment or settlement;
 - (6) the fund or account from which payment was or should be made;
 - (7) the statutory citation for the appropriation or other authority to be made;
 - (8) specific statutes granting waiver of sovereign immunity or legislative resolution granting litigant permission to sue;
 - (9) the date of judgment or settlement; and
 - (10) other information as the Legislative Budget Board may request and in the form requested by the Legislative Budget Board.
- (g) The State Auditor may verify compliance with this section for all funds appropriated in this Act, including funds that are retained and expended from accounts held outside the state treasury and that are not subject to reimbursement through funds held in the state treasury. On verification that an agency has not obtained the Attorney General's approval prior to payment of a judgment or settlement, the State Auditor may certify such fact to the Comptroller. The Comptroller may withhold all appropriations for administrative expenses

GENERAL LIMITATIONS ON EXPENDITURES (Continued)

for the involved agency, until the Legislative Audit Committee notifies the Comptroller that the agency's non-compliance has been reviewed and necessary recommendations or changes have been made.

Sec. 9-6.35. **Purchase of Insurance.** None of the funds appropriated by this Act may be expended for purchasing insurance to cover claims arising under the Chapter 101, Civil Practice and Remedies Code, (Texas Tort Claims Act). Notwithstanding the foregoing, a state agency may purchase director's or officer's liability insurance to cover claims arising under the Chapter 101, Civil Practice and Remedies Code, (Texas Tort Claims Act) with appropriated funds for the agency's appointed commission or board members and executive management staff.

Sec. 9-6.36. **Expenditures for Representatives of Grievants Prohibited.**

- (a) The funds appropriated by this Act may not be used to pay expenses for salary, travel, or per diem of a public employee who represents grievants in the presentation of grievances concerning wages, hours of work, or conditions of work.
- (b) Notwithstanding Subsection (a), a state employee may take annual leave, compensatory leave, or leave without pay, subject to the procedures established by the state employee's agency of employment, to engage in this activity.

Sec. 9-6.37. **Agricultural Soil and Water Conservation.** Appropriations made elsewhere in this Act to the Texas Water Development Board, State Soil and Water Conservation Board, Texas Agricultural Experiment Station, or the Texas Agricultural Extension Service out of the Agricultural Soil and Water Conservation Account No. 563 shall be allocated to each of those agencies in equal amounts.

Sec. 9-6.38. **Limitation on Expenditures for Purchases and Conversions of Alternative Fuel Vehicles.** A state agency, including an institution of higher education, that is required to meet the percentage requirements for vehicles capable of using alternative fuels under Chapter 2158, Government Code, may expend funds appropriated by this Act for the purpose of meeting the percentage requirements only if the agency purchases or converts a vehicle that uses the most cost-effective, fuel efficient and mechanically efficient alternative fuel source.

Sec. 9-6.39. **Performance Rewards and Penalties.**

- (a) It is the intent of the legislature that appropriations made by this Act be utilized in the most efficient and effective manner possible to achieve the intended mission of each state agency and institution. In order to achieve the objectives and service standards established by this Act, agencies and institutions shall make every effort to attain the designated key performance target levels associated with each item of appropriation.
- (b) To support and encourage the achievement and maintenance of these appropriated annual performance levels, continued expenditure of any appropriations in this Act shall be contingent upon compliance with the following provisions:
 - (1) Agencies and institutions, in coordination with the Legislative Budget Board, shall establish performance milestones for achieving targets within each annual budget and performance period; time frames for these milestones and the related performance reporting schedule shall be under guidelines developed by the Legislative Budget Board.

GENERAL LIMITATIONS ON EXPENDITURES (Continued)

- (2) Agencies and institutions shall provide testimony as to the reasons for any performance variances to the Senate Finance Committee and the House Appropriations Committee, as determined to be necessary by those committees; assessments of agency and institution performance shall be provided to the committees under guidelines and procedures developed by the Legislative Budget Board.
- (c) Upon a finding that an agency or institution has successfully met or exceeded performance expectations, or has failed to achieve expected performance levels, the Legislative Budget Board, and the Governor, may adopt a budget execution order, which may include but is not limited to, one or more of the following:
 - (1) Positive Incentives/Rewards - Increased funding, exemption from reporting requirements, increased funding transferability, formalized recognition or accolade, awards or bonuses, expanded responsibility, or expanded contracting authority;
 - (2) Negative Incentives/Redirection - Evaluation of outcome variances for remedial plan, reduction of funding, elimination of funding, restriction of funding, withholding of funding, reduction of funding transferability, transfer of functional responsibility to other entity, recommendation for placement in conservatorship, direction that a management audit be conducted or direction that other remedial or corrective actions be implemented.
 - (3) The Legislative Budget Board may develop rules and procedures for the implementation of the above provisions.
 - (4) The Legislative Budget Board may request from the State Auditor's Office comments regarding performance penalties and rewards.
- (d) To further foster, support, and reward outstanding performance, ongoing productivity improvements and innovative improvement programs, and to retain key high performing employees, qualified state agencies may expend amounts necessary from funds appropriated in this Act for the purposes of enhancing compensation for employees who directly contributed to such improvements. Only classified employees are eligible for enhanced compensation, and this award shall not exceed 6.8 percent of an employee's annual base pay. To be eligible for this provision, an agency must:
 - (1) Achieve or exceed targets for 80 percent of the established key performance measures:
 - (A) For fiscal year 2000, eligibility shall be determined by the Legislative Budget Board based on performance reported to the Automated Budgeting and Evaluation System of Texas (ABEST) for fiscal year 1999;
 - (B) For fiscal year 2001, eligibility shall be determined by the Legislative Budget Board based on performance reported to ABEST for fiscal year 2000; and
 - (C) Have an unqualified certification for at least 70% of its performance measures as shown by its most recent certification review by the State Auditor's Office; and as reflected in the "Summary Assessment of Agency Performance: Fiscal Year 1998" produced by the Legislative Budget Board and submitted to the Seventy-sixth Texas Legislature. If an agency has not been subject to this review, then the agency may submit a request for certification to the State Auditor's Office,

GENERAL LIMITATIONS ON EXPENDITURES (Continued)

accompanied by a self-assessment demonstrating that the agency has satisfied at least 70% of its performance measures. The request and accompanying information shall be prepared according to instructions provided by the State Auditor's Office. The State Auditor's Office shall review an agency's self-assessment and advise the Legislative Budget Board concerning whether the agency satisfies the criteria for eligibility under this section.

- (2) File a report with the Legislative Budget Board, Governor's Office of Budget and Planning, House Appropriations Committee, and Senate Finance Committee describing the success of the innovative program and criteria used to assess the improvements.

- (e) In addition to the provisions of this section, sixty days prior to implementation, qualified agencies are required to file a report with the Legislative Budget Board, Governor's Office of Budget and Planning, House Appropriations Committee, and Senate Finance Committee describing in detail how they intend to use this flexibility to further the goals of this section.

Sec. 9-6.40. **Performance Benchmarking.** It is the intent of the Legislature that selected state agencies and institutions of higher education subject to the strategic planning requirements of Government Code, Chapter 2056, engage in an internal performance benchmarking process which will provide for the identification and development of agency-specific performance benchmarks and their linkage to state-level benchmarks. The Governor's Office will recommend to the Legislative Budget Board which state agencies and institutions of higher education will engage in performance benchmarking during the 2000-01 biennium. These state agencies and institutions of higher education shall report on the results of their benchmarking processes in their strategic plans prepared for the 2001-2005 period pursuant to Government Code, Chapter 2056.

Sec. 9-6.41. **Customer Satisfaction Assessment.** It is the intent of the Legislature that selected state agencies and institutions of higher education identify the groups of individuals who could be deemed as "customers" of the services provided by the agency or institution and assess the level of satisfaction with the services provided by the agency or institution. The Governor's Office will recommend to the Legislative Budget Board which state agencies and institutions of higher education will conduct assessments of customer satisfaction during the 2000-01 biennium. These state agencies and institutions of higher education shall report the results of their assessments of customer satisfaction in their strategic plans prepared for the 2001-2005 period pursuant to Government Code, Chapter 2056.

 - (2) the number of businesses participating in state bond issuances, if applicable;
 - (3) the number of businesses used in acquiring, constructing, or equipping state facilities or operating state programs with funds appropriated by this Act; and

- (1) This section is an expression of the intent of the Legislature and does not negate a power granted by general law.

PART 10. OTHER PROVISIONS

Sec. 9-10.01. **Employee Meal Authorization.** State agencies providing institution-based services, including the Texas Department of Criminal Justice, the Texas Department of Mental Health and Mental Retardation, the Texas Youth Commission, the Texas School for the Blind and Visually Impaired, and the Texas School for the Deaf, may provide meals to employees working in institutional settings and may charge a fee at costs established by the agencies that does not exceed the direct and indirect costs of preparation.

- (a) This section shall apply to state departments and agencies in the Capitol Complex area utilizing the state-owned Centralized Telephone Service of the General Services Commission.
- (b) Upon certification by the General Services Commission as to the pro rata share of the system for each using agency, a reimbursement to the General Services Commission shall be accomplished by the most efficient and expeditious procedure possible including the elimination of warrant issuance when feasible. Funds applicable to the state-owned Centralized Telephone Service shall be maintained in the Telecommunication Revolving Account but specifically identified. The Telecommunication Revolving Account shall be utilized as the depository for specific appropriations, reimbursements from using agencies, and shall be a source of funds to purchase, installment purchase, lease or otherwise acquire services, supplies, and equipment and to pay salaries, wages, and other costs directly attributable to the provisions and operations of the system.

Sec. 9-10.05. **Use of TEX-AN Network.** The Legislature instructs state agencies to use the Texas Agency Network (TEX-AN) to the fullest extent possible. Funds appropriated by this Act to state agencies as defined in Section 2151.002, Government Code, shall not be expended for the acquisition of intercity telecommunications facilities or services until a determination has been made by the Telecommunications Planning Group (TPG) that the agency requirement for intercity

telecommunications cannot be met by the TEX-AN network. State agencies shall not enter into or renew contracts with carriers or other providers of intercity telecommunications facilities or services without obtaining waivers from the TPG certifying that the requested intercity telecommunications requirements cannot be provided at reasonable costs on the TEX-AN network. Waiver requests will be evaluated by the TPG based on cost-effectiveness to the entire State of Texas. Waivers may be granted for specific periods of time and automatically expire upon the expiration date unless an extension is approved by the TPG. Contracts for services obtained under waiver shall not extend beyond the expiration date of the waiver.

Sec. 9-10.06. **Unlisted Telephone Numbers Prohibited.** None of the funds appropriated by this Act shall be expended by any state agency, official or employee thereof, for the payment or rental or toll charges on telephones which are not listed or available from "Information Operators" at telephone exchanges. This section shall not prohibit unlisted telephone numbers used in providing access to computers, telephone system control centers, long distance networks, elevator control systems, and other tone controlled devices where restricted access to the telephone number is justified for security or other purposes, or in narcotic undercover operations or in detection of illegal sales of securities under the Securities Act.

Sec. 9-10.07. **In-kind Gas Program.** Under the authority of Subchapter H, Chapter 31 of the Natural Resources Code, the General Land Office shall review and approve any contract entered into by a state agency for the acquisition of an annual average of 100 MCF per day or more of natural gas used to meet its energy requirements. If the General Land Office is able to substitute a contract using in-kind royalty gas from state-owned lands or other gas for the contract under which the agency acquires or proposes to acquire its natural gas supplies, the General Land Office shall, on a monthly basis, inform the Comptroller of the savings being achieved by an agency and the Comptroller shall reduce the agency's utility appropriation authority accordingly. The Comptroller shall transfer the savings realized into the General Revenue Fund.

Sec. 9-10.08. **Retention of Mineral Rights.** No state lands shall be sold unless the mineral rights are retained by the state, unless impractical.

Sec. 9-10.09. **Access to State Lands.** The state shall require egress and ingress on all state lands when any state lands are sold, providing additional state lands in the immediate area an easement to a public thoroughfare.

Sec. 9-10.10. **State Property Use for State Purposes Required.** No person shall entrust state property to any state official or employee or to anyone else to be used for other than state purposes.

Sec. 9-10.11. **Use of Capital Trust Fund.** It is the intent of the Legislature that the Capital Trust Fund not be available or used by any agency for the purpose of paying salaries. In the event of conflict with other appropriation acts, any matching benefit charges for salaries paid from the fund must be treated as a charge against the appropriation for individual projects in order to conserve the integrity of cash received from each land sale.

Sec. 9-10.12. **Space Occupied by Agencies.**

- (a) Agencies funded through appropriations made by this Act, other than those in Articles III and IV, (but including the Texas Higher Education Coordinating Board, Texas Education Agency, Telecommunications Infrastructure Fund Board, Teacher Retirement System of Texas, State Board for Educator Certification, and the Office of Court Administration of the Texas Judicial System), shall make every effort to achieve and maintain a ratio of not more

than one-hundred-fifty-three (153) square feet per employee, in conformance with Section 2165.104, Government Code, at each agency site for usable office space as defined by the General Services Commission, in both state-owned and leased buildings, insofar as possible without sacrifice of critical public or client services. For purposes of this provision, sites at which 15 or fewer employees are located may be excluded. This provision shall not be construed so as to require an agency to relocate to another facility or site if such relocation would result in an increased building rental cost. Each agency shall report its progress toward achieving this objective in its annual financial report required by this Act.

- (b) This section shall not apply to the Texas Higher Education Coordinating Board until the Board's lease for office space in effect on the effective date of this Act expires or is terminated.

Sec. 9-10.13. **Review of Agency Rules.**

- (a) None of the funds appropriated by this Act shall be expended by a state agency for the purpose of developing, promulgating, or adopting rules unless the state agency reviews and considers for reoption, in accordance with this section, each rule adopted by that agency pursuant to Chapter 2001, Government Code (Administrative Procedure Act). Such reviews shall include, at a minimum, an assessment by the agency as to whether the reason for adopting or readopting the rule continues to exist. Such reviews shall be conducted in accordance with the Administrative Procedure Act in the same manner as for a proposed rule and shall be conducted no later than four years after a rule becomes final and no later than four years after a rule is readopted by an agency.
- (b) Prior to review of a rule, an agency shall file with the Texas Register a notice of intention to review. The notice of intention shall include the Texas Administrative Code citation to the rule to be reviewed. For the purpose of this section, publication in the Texas Register of the Texas Administrative Code citation to the rule to be reviewed shall satisfy the statutory requirement that the text of the rule be published in the Texas Register.
- (c) For a rule which became final prior to September 1, 1997, a review described by this section shall be conducted no later than August 31, 2001.

Sec. 9-10.14. **Limitation on Expenditures for Leased Space.** Funds appropriated by this Act may not be expended for leased office or building space for operations that are moved into newly constructed, purchased, expanded, or renovated state owned facilities funded from Texas Public Finance Authority Revenue Bonds.

Sec. 9-10.15. **Consolidation of Lease Space to State Owned Space.** In the event that an agency moves from leased space to state owned space subsequent to the passage of this Act, the Comptroller shall reduce funds appropriated to each affected agency, by an amount equal to the lease costs that would have been incurred for the remainder of the biennium had the agency remained in leased space, less the costs the agency incurs for moving and the agency's tenant finish-out expenses as defined by the General Services Commission. Required moving and tenant finish-out costs incurred by an agency moving from leased space to state owned space in fiscal year 1999 may be paid from 2000 year appropriations and costs incurred in 2000 may be paid from 2001 year appropriations as necessary to facilitate the move. The Comptroller shall transfer to the General Services Commission from the special funds or accounts, including dedicated General Revenue Fund accounts, of those agencies that move into a state facility funded from Texas Public Finance Authority revenue bond proceeds, each agency's proportional share of the lease payments made for the facility as determined by the General

Services Commission. The Comptroller shall reduce the amounts appropriated to the General Services Commission out of the General Revenue Fund for Lease Payments, in the appropriate article of this Act, by an amount equal to the sum of the transfers from the special funds or accounts. The funds so transferred are hereby appropriated to the General Services Commission for the purposes of making lease payments to the Texas Public Finance Authority.

Sec. 9-10.16. **Transfer of Master Lease Purchase Program Payments.**

- (a) The Texas Public Finance Authority is hereby authorized to transfer each agency's share of administrative fees and lease payments pursuant to the Master Lease Purchase Program from each agency's appropriations made elsewhere in this Act to the Texas Public Finance Authority Master Lease Purchase Program cost of issuance funds and the State Lease Fund Account, respectively. Transfers for administrative fees and lease payments may not be made earlier than 15 days prior to the date that debt service payment is required. The Texas Public Finance Authority may transfer funds necessary for Master Lease Purchase Program debt service payments from the State Lease Fund Account to the Texas Public Finance Authority Master Lease Purchase Program interest and sinking funds.
- (b) The Comptroller shall assist the Texas Public Finance Authority in the transfer of lease payments. State agencies participating in the Master Lease Purchase Program shall cooperate in the timely transfer of lease payments to the Texas Public Finance Authority. The absence of specific Master Lease payment appropriations, identified in an agency's capital budget, does not release an agency from lease payment obligations.

Sec. 9-10.17. **Alternative Fuels Finance Payments: Transfer and Appropriation.** The Texas Public Finance Authority (TPFA) may transfer each agency's pro rata share of administrative fees and finance payments pursuant to the alternative fuels finance program from each agency's appropriations made elsewhere in this Act to the TPFA alternative fuels finance program cost of issuance fund and the State Lease Fund Account, respectively. Transfers for administrative fees and lease payments may not be made earlier than 15 days prior to the date that debt service payment is required. The TPFA may transfer funds necessary for alternative fuels finance program debt service payments from the State Lease Fund Account to the TPFA alternative fuels finance program interest and sinking fund and is hereby appropriated all necessary amounts from those funds for payment of debt service associated with the program. Any reimbursements or payments received by the TPFA for services rendered under agreement with any political subdivision of the state participating in the alternative fuels finance program are hereby appropriated to the TPFA for debt service payments associated with the program.

Sec. 9-10.18. **State Owned Housing - Recover Housing Costs.**

- (a) It is the intent of the Legislature that the General Land Office (GLO) shall contract for the determination of the fair market rental value of all housing provided to state employees by agencies required to report their housing. The GLO shall provide, to each state agency providing housing to employees, information regarding the fair market rental values. The GLO shall also provide the statewide total and agency totals to the Legislative Budget Board, the Governor's Office of Budget and Planning, and the Comptroller of Public Accounts.
- (b) Each agency required to report employee housing to the General Land Office shall recover, from persons first employed by the agency before September 1, 1999, at least 20 percent of the established fair market rental value of its housing. Each agency required to report employee housing to the General Land Office shall recover, from persons first employed by

OTHER PROVISIONS (Continued)

the agency after August 31, 1999, at least 100 percent of the established fair market rental value of its housing. The recovered funds are hereby appropriated to the agency for its use.

- (c) Agencies that provide employee housing shall report to the Legislature annually all employees who receive agency housing, the fair market rental value of housing supplied by the agency, and the amount of revenue recovered to meet the mandated goals.
- (d) Unless specifically authorized by this Act, a person may not receive housing below the rate established by this section. Individuals authorized by this Act for reduced rate housing are absolutely critical to safe operation of a facility.
- (e) Funds may not be expended to construct additional employee housing.
- (f) When existing facilities are no longer suitable for employee housing, the agency should determine the feasibility of converting the use of housing or razing the structure before making repairs or updates.
- (g) A person may not receive additional compensation in lieu of state-owned housing.

Sec. 9-10.19. **Cleaning Allowances.** A cleaning allowance is an allotment to help defray the cost of maintaining a uniform for certain state employees. A cleaning allowance authorized elsewhere in this Act for specific positions of employment is an authorization for the specific position and shall not transfer with an employee if that employee transfers to a position for which such reimbursement is not authorized. Cleaning and clothing allowances shall not be considered compensation for purposes of retirement contribution determination.

Sec. 9-10.20. **Coordinated Technology Training.** It is the intent of the Legislature that all state agencies maximize the utilization of appropriated funds used for information resource technology training by using the Department of Information Resources' technology training contracts if such offerings meet agency requirements and are cost-competitive.

PART 11. OTHER APPROPRIATIONS AND ADJUSTMENTS

Sec. 9-11.01. **Capital Construction Project: Legislative Services Office Building.** Any unexpended balances, as of August 31, 1999, remaining in the appropriation made by Section 184, Article IX, of House Bill 1, Seventy-fifth Legislature, Regular Session, 1997, are reappropriated for the original purposes for the biennium beginning September 1, 1999.

Sec. 9-11.02. **Capital Construction Project: State Insurance Building.** Any unexpended balances, as of August 31, 1999, remaining in the appropriation made by Section 185, Article IX, of House Bill 1, Seventy-fifth Legislature, Regular Session, 1997, are hereby reappropriated for the original purposes for the biennium beginning September 1, 1999. As provided by Article 601d, Vernon's Texas Civil Statutes, in recognition that cost estimates are not final at the time that the project is authorized for financing and that bonds may be issued to fund associated costs, including reasonably required reserve funds, capitalized interest, administrative costs of the authority and issuing expenses, the principal amount of any issuance of bond for this purpose may be in an amount not to exceed one and one-half the amount of the expected cost for the project being financed. From the proceeds of the

OTHER APPROPRIATIONS AND ADJUSTMENTS (Continued)

issuance and sale of such bonds or obligations, such amounts as may be necessary to fund the associated costs of issuance are hereby appropriated to the Texas Public Finance Authority for the fiscal biennium beginning September 1, 1999. From the remaining proceeds of the issuance and sale of such bonds, such amounts as may be necessary to fund any costs relating to the renovation of the old State Board of Insurance Building are hereby appropriated to the General Services Commission for the fiscal biennium beginning September 1, 1999. The capital project authorized in this section is not subject to limitations on capital budget expenditures included elsewhere in this Act.

Sec. 9-11.03. **Capital Construction Project: John H. Reagan Building.** Any unexpended balances, as of August 31, 1999, remaining in the appropriation made by Section 186, Article IX, of House Bill 1, Seventy-fifth Legislature, Regular Session, 1997, are hereby reappropriated for the original purposes for the biennium beginning September 1, 1999. The Texas Public Finance Authority may issue revenue bonds or other revenue obligations to finance the renovation of the John H. Reagan Building, at an estimated project cost of \$25,463,400. As provided by Article 601d, Vernon's Texas Civil Statutes, in recognition that cost estimates are not final at the time that the project is authorized for financing and that bonds may be issued to fund associated costs, including reasonably required reserve funds, capitalized interest, administrative costs of the Authority and issuing expenses, the principal amount of any issuance of bonds for this purpose may be in an amount not to exceed one and one-half the amount of the expected cost for the project being financed. From the proceeds of the issuance and sale of such bonds or obligations, such amounts as may be necessary to fund the associated costs of issuance are hereby appropriated to the Texas Public Finance Authority for the fiscal biennium beginning September 1, 1999. From the remaining proceeds of the issuance and sale of such bonds or obligations, such amounts as may be necessary to fund any costs relating to the renovation of the John H. Reagan Building are hereby appropriated to the General Services Commission for the fiscal biennium beginning September 1, 1999. The capital project authorized in this section is not subject to the limitations on capital budget expenditures included elsewhere in this Act. In addition to the appropriations made above, the amount of \$2,640,050 is appropriated in Article I of this Act for payment to the Texas Public Finance Authority for debt service payments on the revenue bonds or other obligations as authorized by this section.

Sec. 9-11.04. **Year 2000 Conversion.**

- (a) It is the intent of the Legislature that all state agencies and institutions of higher education adequately address and resolve the technology problems associated with conversion to the Year 2000. It is also the Legislature's intent that any funds appropriated for this purpose be expended exclusively on efforts to resolve the Year 2000 problem. Each state agency and institution of higher education shall be primarily responsible for its own information systems but will coordinate its efforts through the Department of Information Resources. Each state agency and institution of higher education shall cooperate with the Department of Information Resources in all respects concerning the Year 2000 problem, and shall provide to the Department, as often as may be required and in the format required by the Department, any and all information required by the Department pertaining to any aspect of the Year 2000 problem. While most state agencies and institutions of higher education have indicated an ability to address this issue within their current level of funding, several have requested additional funding specifically for this issue. Agencies requesting additional funds may be allocated amounts for the purpose of resolving the Year 2000 conversion problem.
- (b) The amount appropriated under this section shall be deposited into a new agency number created within the Uniform Statewide Accounting System (USAS) by the Comptroller of Public Accounts for the sole purpose of receiving, controlling, recording and disbursing Year 2000 project expenditures. The Legislative Budget Board, Governor, and Department of

OTHER APPROPRIATIONS AND ADJUSTMENTS (Continued)

Information Resources shall:

- (1) determine and advise the Comptroller of the timing, frequency and amount of funds to be transferred to each agency; and
 - (2) establish procedures for the approval of use of these funds which shall be distributed to agencies on a cost reimbursement basis only after approval by the Legislative Budget Board and Governor.
- (c) The Comptroller shall maintain an accounting process that records the amounts approved under this section and subsequently transferred to agencies, at a summary level by object of expense code at the Year 2000 project agency level in USAS. It is the intent of the Legislature that the extraordinary level of expenditures incurred by agencies in resolving the Year 2000 conversion problems not be reflected in the operating budgets and expenditures of each operating agency. The Comptroller's process must address these concerns in order to furnish the Legislature with accurate centralized records of all expenditures reimbursed through the Year 2000 Project agency as well as a report of the amounts and types of expenditures incurred by each operating agency participating in the use of such appropriations. Year-to-year and biennium-to-biennium comparative data for individual agencies should be maintained and reported in a manner designed to exclude the Year 2000 appropriations made herein.
- (d) Any unexpended balances, as of August 31, 1999, remaining in the appropriation made by Section 188, Article IX, of House Bill 1, Seventy-fifth Legislature, Regular Session, 1997, are hereby reappropriated for the purposes provided by this section, for the biennium beginning September 1, 1999.
- (e) Any agency that requires funding in addition to the amounts appropriated by this Act to resolve the Year 2000 conversion problem may apply to the Department for access to any available unobligated funds appropriated by Subsection (d). The Legislative Budget Board and Governor's Budget Office shall consider recommendations from the Department of Information Resources and may approve such allocations and advise the Department of Information Resources and the Comptroller of the available unobligated funds which may be utilized for these agencies.

Sec. 9-11.05. Contingency Appropriation and Limitation on Expenditures: Temporary Assistance for Needy Families (TANF) Federal Funds.

- (a) For the biennium beginning September 1, 1999, in addition to sums appropriated elsewhere by this Act, the balance of all available TANF federal funds allocated to the State is hereby appropriated for the purposes for which the TANF block grant is made. In the event of an expenditure requirement related to fiscal penalties, caseload growth, or other program needs (such as meeting work participation targets or increasing the capacity to serve TANF recipients facing time-limited benefits), the funds appropriated by this provision may be expended and/or transferred as appropriate by the Single State Agency for TANF, subject to the written prior approval of the Governor and the Legislative Budget Board.
- (b) The expenditure of TANF federal funds is hereby limited to those amounts specifically identified and appropriated by this Act, unless specific written approval is made by the Legislative Budget Board and the Office of the Governor.

ARTICLE XIV. EMERGENCY CLAUSE

The importance of the legislation to the people of the State of Texas and the crowded condition of the calendars in both Houses of the Legislature create an emergency and an imperative public necessity that the Constitutional Rule requiring bills to be read on three separate days in each House be suspended, and said Rule is hereby suspended; and this Act shall take effect and be in force from and after its passage, and it is so enacted.

PROCLAMATION

BY THE

Governor of the State of Texas

TO ALL TO WHOM THESE PRESENTS SHALL COME:

House Bill 1, the General Appropriations Bill, having been duly certified by the Comptroller of Public Accounts pursuant to Article III, Section 49a of the Texas Constitution, has been presented to me for action. This bill appropriates an estimated \$98.1 billion from all fund sources which includes \$55.1 billion from the General Revenue Fund for the fiscal biennium beginning September 1, 1999.

Total appropriations, when adjusted for inflation, population growth and property tax relief, reflect an increase of 1.9 percent over the current budget. Since 1994-95, real per capita spending has grown only 3.6 percent and has also grown less than the overall growth in the state economy. Spending as a percent of personal income has declined steadily from 9.5 percent in 1994-95 to 8.5 percent for 2000-01, a level last achieved 10 years ago.

Conservative budgetary policies and a growing state economy have resulted in the strongest fiscal condition for the state in recent history. When the Seventy-sixth Legislature convened in regular session, it was presented with the opportunity and the challenge to allocate some \$5.6 billion of additional state revenue above the current general revenue spending level. Even though the available revenue amount was subsequently increased to \$6.4 billion, the total cost of various proposals and requests far exceeded this record amount of "new money." Crafting the final state budget involved careful review and consideration of competing proposals ultimately determined by setting priorities.

The proposed state budget that I submitted to the Legislature presented my key fiscal priorities and the criteria against which I would evaluate fiscal proposals:

Key Fiscal Priorities	Fiscal Criteria
<ul style="list-style-type: none">• Meet Basic Needs• Cut State Taxes• Lower School Property Taxes• Improve Funding for Public Schools• Achieve Longer-term Benefits	<ul style="list-style-type: none">• Whether the benefits are broadly shared• Whether the economic health of the state is strengthened• Whether the achievement of key objectives is promoted• Whether the philosophy of limited and efficient government, local control, personal responsibility, and strong families is supported

I am pleased that through the passage of House Bill 1, along with Senate Bill 4, Senate Bill 441 and other measures, these priorities are accomplished. Over the next two years, tax relief measures will save Texans \$2.1 billion, including \$1.35 billion in property tax relief; school teachers will receive a \$3,000 pay raise; public education will receive 60 percent of all new general revenue spending; and endowments created with tobacco settlement proceeds will benefit health-related services for years to come.

This responsible budget supports the largest tax cut in our state's history, funds the basic needs and priorities of our growing state, and is good for Texas. Accordingly, I apply my veto authority sparingly. My item vetoes, totaling approximately \$51.1 million, would eliminate funding included for proposed legislation that did not pass and for legislation that I vetoed. I hereby veto the following items from House Bill 1, Seventy-sixth Legislature, Regular Session, 1999, and include a statement of my objections to each of those items.

2. **Contingency Appropriation for Senate Bill 1590.** Contingent upon the enactment of Senate Bill 1590, or similar legislation relating to the detection, investigation and prosecution of fraud in the workers' compensation program for state employees, by the Seventy-sixth Legislature, Regular Session, the State Office of Risk Management is hereby appropriated \$430,411 for fiscal year 2000 and \$346,781 for fiscal year 2001 out of the General Revenue Fund for the purpose of implementing that Act. The State Office of Risk Management is hereby authorized to transfer the appropriation made pursuant to this provision to the appropriate strategy items listed above. Also contingent on the enactment of Senate Bill 1590, or similar legislation, the "Number of Full-time Equivalent Positions (FTE)" figure indicated above is hereby increased by 6.0 for fiscal year 2000 and by 6.0 for fiscal year 2001.

This veto action deletes a rider that was contingent upon proposed legislation that did not pass.

This veto action deletes a rider that was contingent upon proposed legislation that did not pass.

- 5. **Contingency Appropriation for House Bill 2107.** Contingent upon the enactment of House Bill 2107, or similar legislation relating to assistance to certain volunteer fire departments and to the imposition of a tax to finance that assistance, by the 76th Legislature, Regular Session, Texas Forest Service is hereby appropriated \$375,000 for fiscal year 2000 and \$394,000 for fiscal year 2001 out of additional revenues collected pursuant to House Bill 2107 for the purpose of implementing that Act. In no event shall the amount expended out of appropriations identified by this provision exceed the amount of additional revenues generated pursuant to House Bill 2107.

House Bill 2107 was vetoed by the Governor; consequently, this veto action eliminates funding proposed for the implementation of that bill.

- 52. **Contingency Appropriation for House Bill 2794.** Contingent upon the enactment of House Bill 2794, or similar legislation relating to the automation of the compulsory motor vehicle inspection system, by the Seventy-sixth Legislature, Regular Session, the Department of Public Safety is hereby appropriated \$22,466,004 for fiscal year 2000 and \$22,645,479 for fiscal year 2001 out of the General Revenue Fund for the purpose of implementing that Act. In no event shall the amount expended out of, or transferred from, appropriations identified by this provision exceed the amount of additional revenues generated pursuant to House Bill 2794 or similar legislation. Funds appropriated by this provision may be expended for capital budget purposes notwithstanding limitations on capital budget expenditures elsewhere in this Act.

House Bill 2794 was vetoed by the Governor; consequently, this veto action eliminates funding proposed for the implementation of that bill.

ARTICLE IX – GENERAL PROVISIONS

Page IX-83

Sec. 9-11.12. **Contingency Appropriation for House Bill 2155.** Contingent upon enactment of House Bill 2155, or similar legislation by the Seventy-sixth Legislature relating to the creation of the Texas State Board of Mechanical Industries, all appropriations and FTEs appropriated to the Texas State Board of Plumbing Examiners shall be transferred to the new Texas State Board of Mechanical Industries. In addition, the Texas Department of Licensing and Regulation shall transfer \$1,115,379 and 20 FTEs in fiscal year 2000 and \$1,115,379 and 20 FTEs in fiscal year 2001 to the Texas State Board of Mechanical Industries. The Texas Natural Resource Conservation Commission shall also transfer \$161,599 and 3 FTEs in fiscal year 2000 and \$161,599 and 3 FTEs in fiscal year 2001 to the Texas State Board of Mechanical Industries. Other direct and indirect costs appropriated elsewhere in this Act are estimated to be \$621,641 in fiscal year 2000 and \$642,750 in fiscal year 2001. It is the intent of the Legislature that fees, fines, and other miscellaneous revenues as authorized and generated by the Board of Mechanical Industries cover, at a minimum, the cost of appropriations made above as well as other direct and indirect costs listed above. In addition, the Texas State Board of Mechanical Industries is hereby appropriated \$195,251 in fiscal year 2000 and \$173,171 in fiscal year 2001 out of general revenue, for the purpose of moving and rent expenses, contingent upon the Texas State Board of Mechanical Industries assessing fees sufficient to generate a like amount above the amounts attributable to the transferred industries' revenue collection in the Comptroller's Biennial Revenue Estimate, as determined by the Comptroller. In the event that actual and/or projected revenue collections are insufficient to offset the costs identified by this provision, the Legislative Budget Board may direct that the Comptroller of Public Accounts reduce the appropriation authority provided by this provision to be within the amount of fee revenue expected to be available.

House Bill 2155 was vetoed by the Governor; consequently, this veto action eliminates funding proposed for the implementation of that bill.

House Bill 1 was received by the Governor's Office less than ten days prior to adjournment of the Regular Session of the Seventy-sixth Legislature. I have signed House Bill 1, which shall be filed with the Secretary of State, together with this Proclamation stating my objections to individual items of appropriation therein. In accordance with Article IV, Section 14 of the Texas Constitution, individual items of appropriation objected to shall be of no force or effect. The remaining portion of the bill shall be effective according to its terms.

The Secretary of State shall take notice of this action and notify the Legislature.

IN TESTIMONY WHEREOF, I have hereunto signed my name officially and caused the seal of the State to be affixed hereto at Austin, this 20th day of June, 1999.
