

**ANNUAL REPORT
FISCAL YEAR 2005**

**RURAL VOLUNTEER FIRE DEPARTMENT INSURANCE PROGRAM
(HB 3667)**

I. OVERVIEW

The Rural Volunteer Fire Department Insurance Program (House Bill 3667) was established in 2001 by the 77th Texas Legislature. The program provides grants to rural volunteer fire departments to assist in the purchase of workers' compensation, death, and disability insurance for firefighters. The program is funded through the Rural Volunteer Fire Department Insurance Fund, which is composed of revenue collected from a two-percent tax on the retail sale of fireworks under Tax Code Chapter 161.

The program receives oversight from the HB 3667 Advisory Committee, an appointed body of private citizens. This Committee recommends the annual cost-share rate to be offered based upon revenue forecasts and the forecast enrollment of firefighters.

The program is administered by the Texas Forest Service. revised 12-2005

II. ACTIVITY

In FY 2005, the Rural Volunteer Fire Department Insurance Fund (Fund 5066) allocation was set at \$750,000. The actual amount collected by the Fund during the period 9-1-2004 through 8-31-2005 was \$978,729.20.

The HB 3667 Advisory Committee recommended providing a maximum grant of \$70 per enrolled firefighter. The grant reimbursed fire departments for actual insurance coverage purchased for their members, not to exceed the grant maximum.

The Texas Forest Service conducted open enrollment beginning in October 2004 and allowed enrollment to remain open through August 31, 2005.

III. STATUS

The following cost-share grants were awarded in FY 2005:

<u>Number of Enrolled Fire Departments</u>	<u>Number of Firefighters Covered</u>	<u>Grant Funds Allocated</u>
421	10,993	\$692,533

The attached summary presents the individual disposition of grant funds in FY 2005. The attached map shows the counties having fire department recipients.

The Texas Forest Service was authorized to spend up to 7% of the fund for administration. However, only 5.6% was actually expended for administration.

IV. LEGISLATIVE NEED

The HB 3667 enabling legislation created the Rural Volunteer Fire Department Insurance Fund for the sole purpose of assisting volunteer fire departments through the Rural Volunteer Fire Department Insurance Program. The current General Appropriations Act does not provide specific UB authority. The HB 3667 Advisory Committee has recommended that the Texas Forest Service obtain UB Authority for the program. This will allow unencumbered funds to roll forward at the end of a fiscal year to establish a small reserve. The reserve will be used to stabilize cost-share grants to fire departments from year to year, and will offset fluctuations in revenue generated by the fireworks sales tax. UB Authority is the single highest priority need for the Program.

V. EFFECTIVENESS

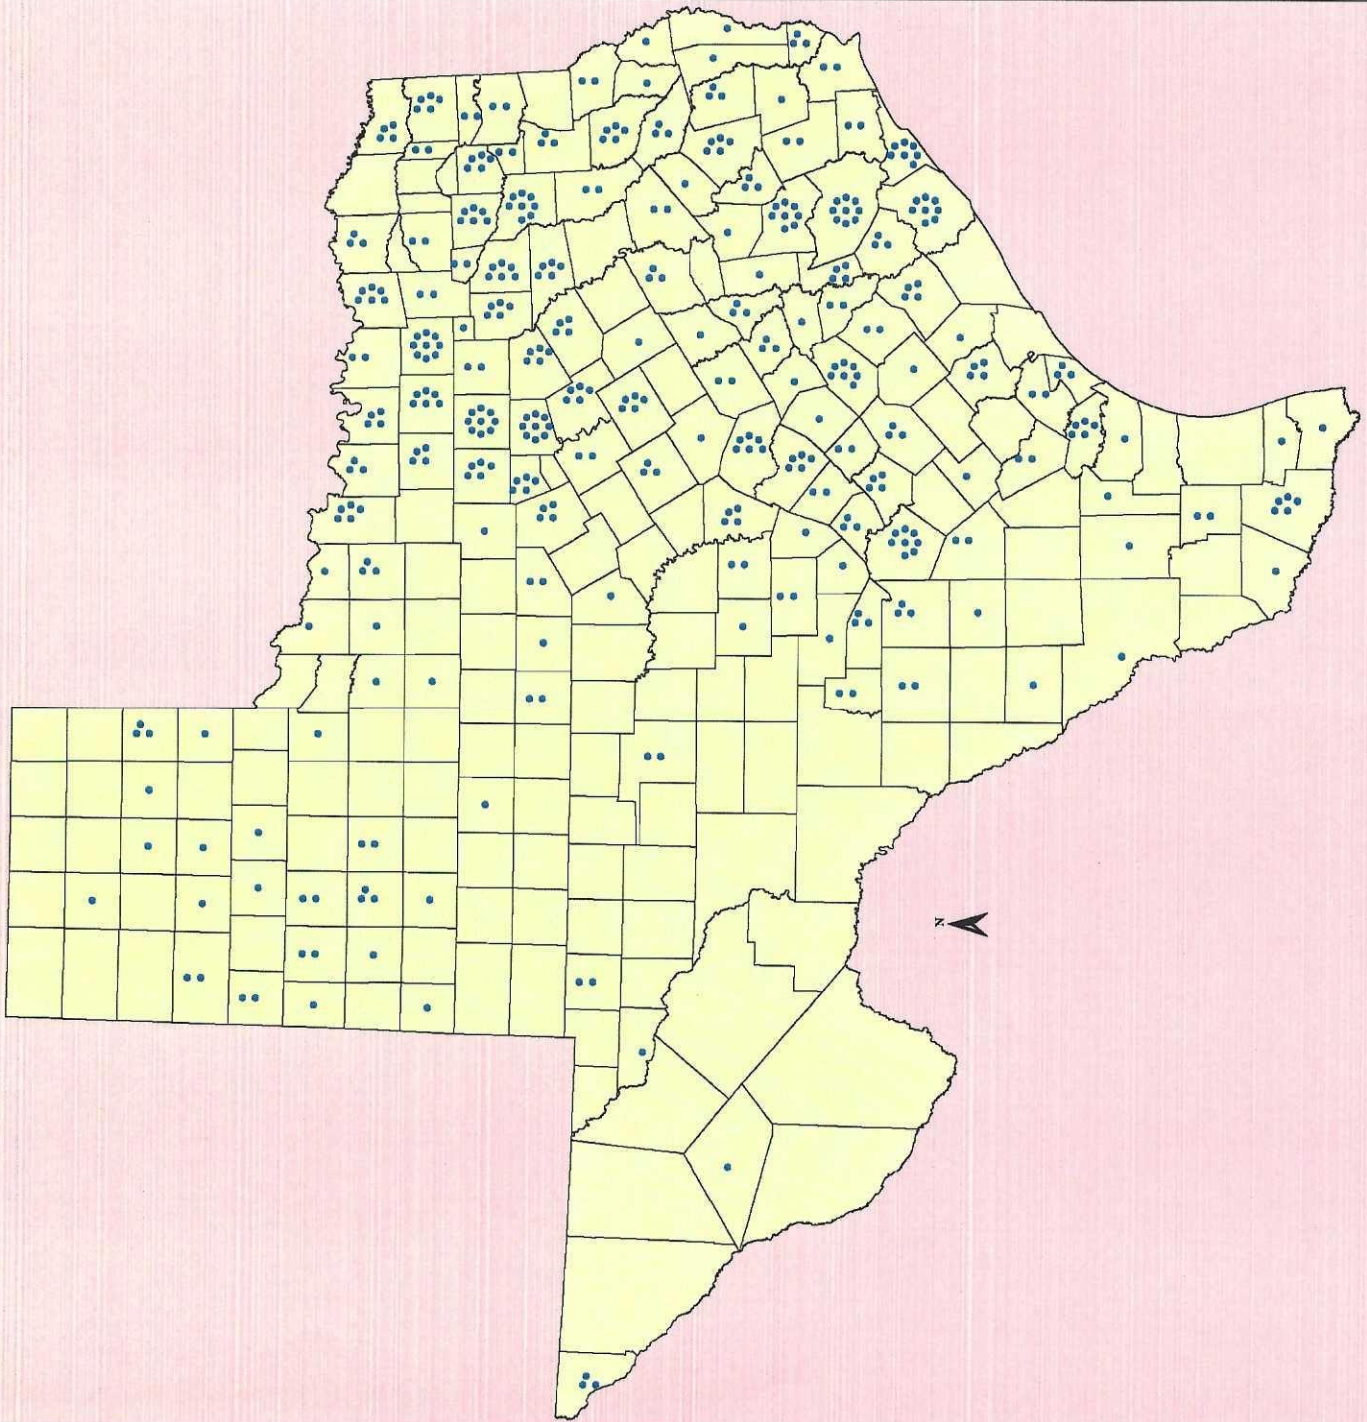

This is a highly effective program. In FY 2004, grants were issued to cover 9,918 firefighters. In FY 2005, the program assisted with providing insurance coverage for 10,993 firefighters, representing an 11% increase over the previous year.

The Texas Forest Service has continued to improve the effectiveness of the program by designing an efficient application and award process for volunteer fire department applicants.
